ENJOY CAREER SUCCESS

CQU is ranked #1 in Australia for long-term postgraduate employment rates[1] and #4 for undergraduate starting salaries[2].

MAKING A DIFFERENCE

We're ranked among the top 55 universities globally for sustainability[3] and social innovation skills are embedded in every CQU degree.

BEING SUPPORTED

We're known for our range of student support services, regardless of whether you are studying on campus or online.

JOINING OUR COMMUNITY

Our belief that quality education should be accessible for everyone and we're proud to be rated five stars for our social equity and first-generation student ratio[2].

[1] QILT Graduate Outcomes Survey – Longitudinal 2023.

Acknowledgement to Australia's First Nations Peoples.

CQUniversity recognises and acknowledges the important role First Nations Peoples make to our communities, and values Australian Indigenous knowledge systems as an integral part of our teachings.

Welcome to CQUniversity

At CQUniversity Australia you can choose from a wide variety of TAFE and university qualifications. With seamless pathways between short courses, certificates and diplomas, through to undergraduate, postgraduate and research higher degrees, we can help you be – with CQU.

FIND THE RIGHT COURSE FOR YOU

Explore our 2026 Course Directory and find everything you need to know about studying at CQUniversity. Along with an overview of the courses we have on offer, you will find entry requirements, availability and intake information.

TAFE	Certificate I, Certificate II, Certificate III, Certificate IV, Diploma
UNDERGRADUATE	Diploma, Associate degree, Bachelor, Honours
POSTGRADUATE	Graduate certificate, Graduate diploma, Master (course work)
RESEARCH	Graduate certificate, Master by research, PhD

WHEN YOU'RE READY FOR THE NEXT STEP

There's no such thing as the best university, just the best university for you. We are committed to helping you find the information you need at the different stages of your journey to study with CQUniversity.

To find out more and get started on the pathway to your dream career, visit cqu.edu.au/futurestudents.

INTERNATIONAL STUDENTS

If you're not an Australian citizen, an Australian permanent resident or a New Zealand citizen, visit cqu.edu.au/international-guides to read our guides and information on our courses, campus availability and fees relevant to you.

Your CQU student experience

At CQUniversity, we believe university can be for anyone, regardless of background or circumstance. To help enrich your life and studies, we provide a range of support services, initiatives and facilities, plus the flexibility to tailor your study to suit your lifestyle.

EXPERIENCE THE CQU COMMUNITY

Our commitment to ensuring that a quality education is accessible to everyone sees us welcome students from diverse cultural backgrounds, geographic locations and socio-economic contexts. As a student at CQUniversity, you will become part of a community like no other.

You'll enjoy opportunities to make friends, network and become engaged with a tight-knit community. Our smaller class sizes allow you to form meaningful relationships and connections with your peers, teaching staff and lecturers.

You will find a welcoming and enriched campus life where you can get involved and stay connected via social and networking events, clubs and societies, student leadership opportunities and a wealth of virtual activities. Many of our locations also offer a range of student recreation facilities such as gyms and sports areas, food outlets, cafés, games areas, and lounge and entertainment zones. For more information, visit cqu.edu.au/study/universitylife.

AFTER YOU GRADUATE

CQUniversity has an active alumni program and continues to support you by providing access to career services and mentors, professional and personal development, and further opportunities for you to follow your passion and expand your experience.

GRADUATE WITH CONFIDENCE

At CQUniversity, we're proud to be recognised among the top Australian universities for undergraduate full-time employment rates[1]. We're also committed to continuing to improve our graduate outcomes so that you can land your dream job. That's why we offer our Graduate Guarantee for every undergraduate level CQUniversity degree.

Graduate and secure a job in your area, or we will support your continued learning while your search continues with a Graduate Certificate in Leadership and Entrepreneurship at no cost. Find out more at cqu.edu.au/graduateguarantee.

ASHOKA U

Changemaker Campus

As Australia's only Ashoka U Changemaker Campus, you'll benefit from courses designed to nurture a social innovation mindset and build your future-of-work skills to drive positive social change in your field.

ENJOY OUTSTANDING STUDY SUPPORT

Whether you're starting uni for the first time, returning to study or pursuing a postgraduate degree, CQUniversity has a range of support services to help you along your journey. Services include orientation to assist your transition to university life, ongoing assistance through the Student Mentor Program, counselling services, course advice, career planning services, support for students with a disability or medical conditions, Indigenous student support, financial support options, and more. For more information, visit cqu.edu.au/support.

Academic support

As a first-year student, or upon referral from a lecturer, you can access our Academic Learning Centre. Here you'll find a wealth of information, support, advice and resources related to many of the academic communication, mathematics and statistics, science and computing requirements of your studies. For more information, visit cqu.edu.au/alcsupport.

Indigenous support

CQUniversity has dedicated Indigenous Student Advising Specialists who provide Aboriginal and/or Torres Strait Islander students with guidance regarding course options, financial assistance, pastoral care, mentoring and tutoring. For more information, visit cqu.edu.au/indigenousstudentsupport.

VET LEARNING SUPPORT

CQUniversity offers learning support to apprentices, trainees and other TAFE students. For more information, including eligibility and conditions, visit cqu.edu.au/support.

GIVE BACK TO YOUR COMMUNITY

CQUniversity has a strong focus on engagement, social outreach and giving back to our diverse communities. Many of our courses incorporate volunteering and social projects and, as a student volunteer, you will gain invaluable experience and change the way you view the world.

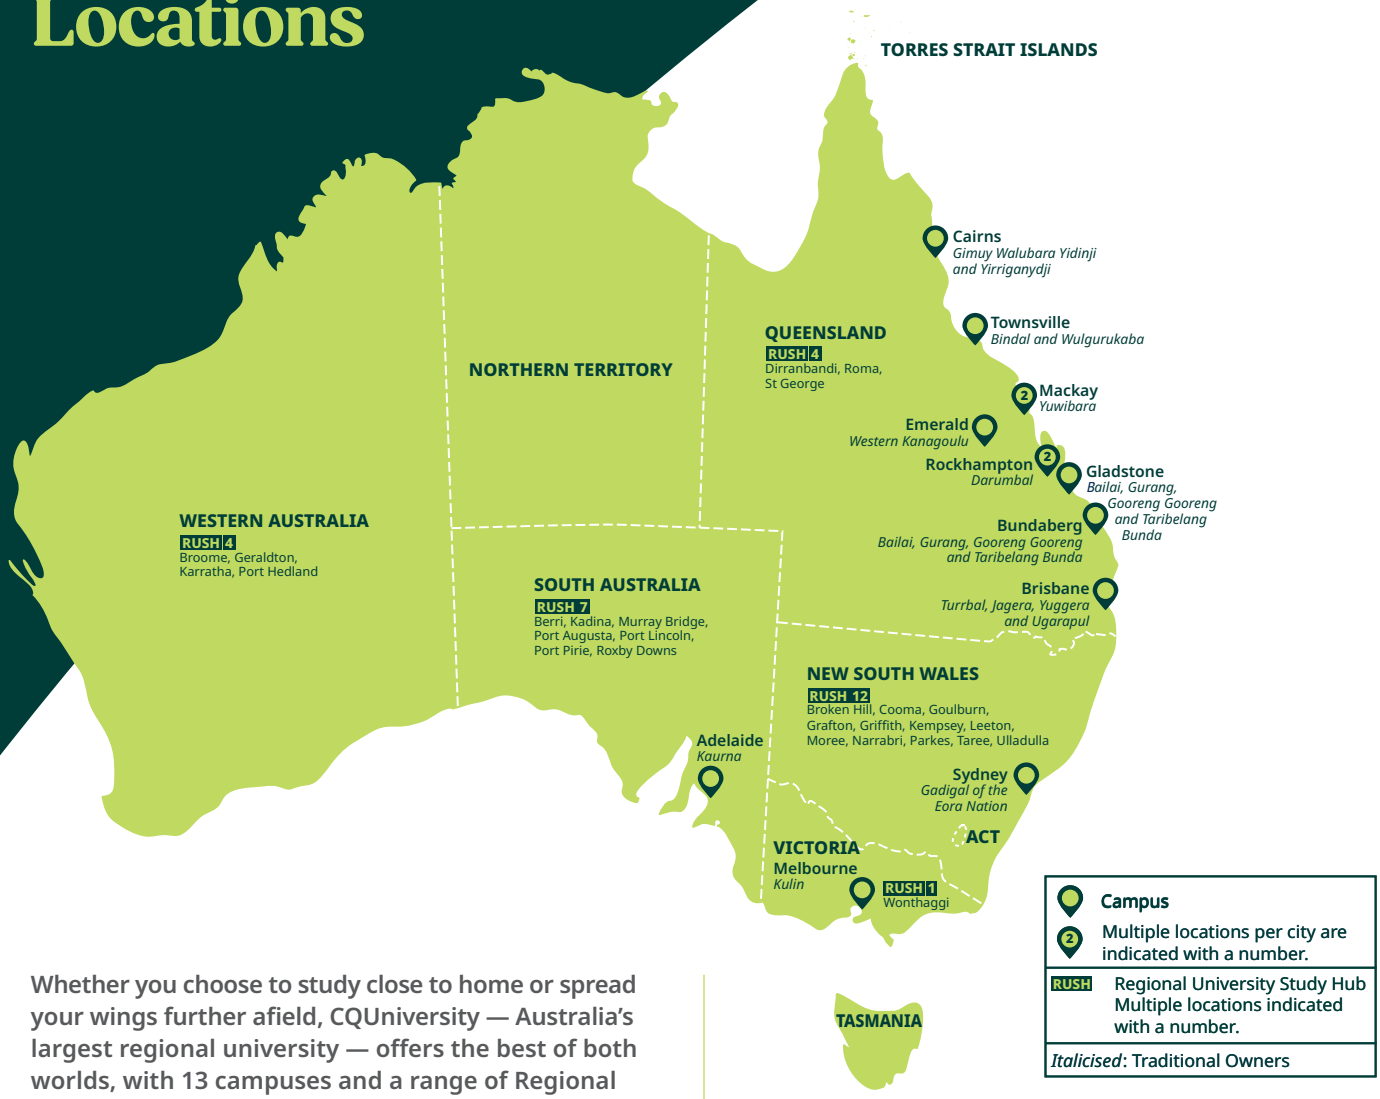
Social innovation

At CQUniversity, we teach every student skills in social innovation — to be able to improve the lives of people and their environments through innovative solutions to complex social challenges.

Your CQU degree will offer you more than the confidence to create positive change, but also equip you with job-ready skills including resilience, collaborative leadership and creative problem solving. New ideas that tackle real-life challenges are a significant driver of economic growth, and your social innovation mindset will be in high demand with employers and governments.

We help you develop this mindset through dedicated units, assessments, projects, case studies or lessons, and tailor this approach to each course. Regardless of your field of study or career path, you will graduate with the capabilities to shape the world for the better. For more information, visit cqu.edu.au/socialinnovation.

Locations



Whether you choose to study close to home or spread your wings further afield, CQUniversity — Australia's largest regional university — offers the best of both worlds, with 13 campuses and a range of Regional University Centres to choose from.

EXPLORE OUR CAMPUSES

Each CQUniversity campus is a unique, vibrant community offering an assortment of on-and off-campus facilities and services, coupled with carefully planned course offerings. Whether you study on campus or online you can access our full range of campus facilities including libraries, lecture theatres and other learning spaces, student advice centres and commercial outlets such as food and beverage vendors.

REGIONAL UNIVERSITY STUDY HUBS

We're proud to partner with Regional University Study Hubs (RUSH) across Australia to offer online courses with local support. These federally funded hubs provide infrastructure and academic assistance, helping students succeed while staying connected to their communities.

Our Regional University Study Hubs include:

› Country Universities Centre
› Geraldton Universities Centre
› Murray River Study Hub
› Pilbara Kimberley Universities Centre
› Taree Universities Campus
› Uni Hub Spencer Gulf.

When you study with CQUniversity with the support of a RUSH, you will benefit from access to facilities such as internet and computing facilities, administration services and student study area or learning spaces. For more information about our partners, visit cqu.edu.au/locations.

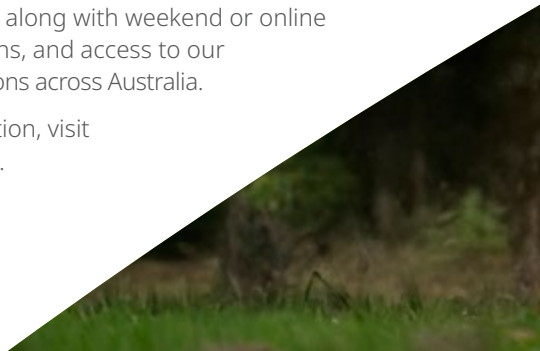
STUDY ONLINE

At CQUniversity we know you want the flexibility to study when and how you like, which is why we are proud to deliver an outstanding online learning experience.

Your course of interest may be delivered completely online, or have some on-campus requirements like an exam or residential school.

Our experienced staff provide you with a high level of support, offering several services that are available for you to use from wherever you are studying. These may include electronic and online library resources, study materials, discussion forums and recorded lectures, along with weekend or online orientation sessions, and access to our facilities and locations across Australia.

For more information, visit cqu.edu.au/online.



Enjoy uni life

University is about more than gaining a professional qualification. When you join the CQUniversity community, you'll create connections for life and can build your life experience by getting involved in activities and groups outside of your study.

SPREAD YOUR WINGS AND STUDY ABROAD

Our CQUGlobal Outbound programs allow you to experience life and study from a choice of over 30 countries across six continents. You may apply for a program to experience a different lifestyle, culture and environment while earning credit towards your degree, and without lengthening the duration of your study.

Learning abroad is an experience that is guaranteed to stay with you for the rest of your life. For more information, about studying abroad, visit cqu.edu.au/cquglobal.

GET INVOLVED WITH SPORT AND FITNESS

As well as the modern fitness facilities and sporting areas available at our larger campuses, students across our campus footprint have the opportunity to nominate to represent CQUniversity at regional and national events hosted by the peak governing body of university sport, UniSport Australia. Some campuses also offer a calendar of social sport activities to become involved in.

JOIN A CLUB, GROUP OR SOCIETY

Celebrate your shared interests by joining one (or more) of the student clubs, groups and societies based across our many campuses or online. Whether your interest is in your chosen industry, sport, gaming, career-building or health and fitness, chances are we'll have a group to suit you. Can't find the perfect group? You can start your very own with support from our Student Events and Experience team.

SLEEP SOUNDLY WITH QUALITY ACCOMMODATION OPTIONS

Student residences are available at our Mackay Ooralea and Rockhampton North campuses, offering a range of long-term and short-term accommodation options for staying the duration of your studies, for a term or for residential schools. For more information, visit cqu.edu.au/accommodation.

Get the most from your studies

Study isn't just about classes, assignments and exams. At CQUniversity, we are committed to helping you graduate work-ready with real-world skills and experience so you can excel in your industry, whether you're getting started or advancing your career.

BENEFIT FROM SEAMLESS PATHWAYS

As a dual-sector university, CQUniversity is uniquely positioned to offer a comprehensive range of both TAFE and university qualifications, as well as seamless pathways between the two.

These pathways between certificates and diplomas, through to undergraduate, postgraduate and research higher degrees, mean you're able to move from vocational to tertiary study in line with your educational and career goals.

GAIN REAL-WORLD EXPERIENCE

Designed alongside industry, our courses will prepare you with up-to-date, real-world knowledge and skills. Our direct ties with industry give you access to the latest advancements in your field. Our state-of-the-art, purpose-built facilities provide valuable experience in workplace settings, giving you highly transferable skills to take you further in your career.

Many of our courses provide you with opportunities to enhance your employability and gain practical and relevant skills through work-integrated learning, which covers a range of work-related experiences such as student placements, internships and simulations as part of your course.

STUDY WHEN AND WHERE IT SUITS YOU

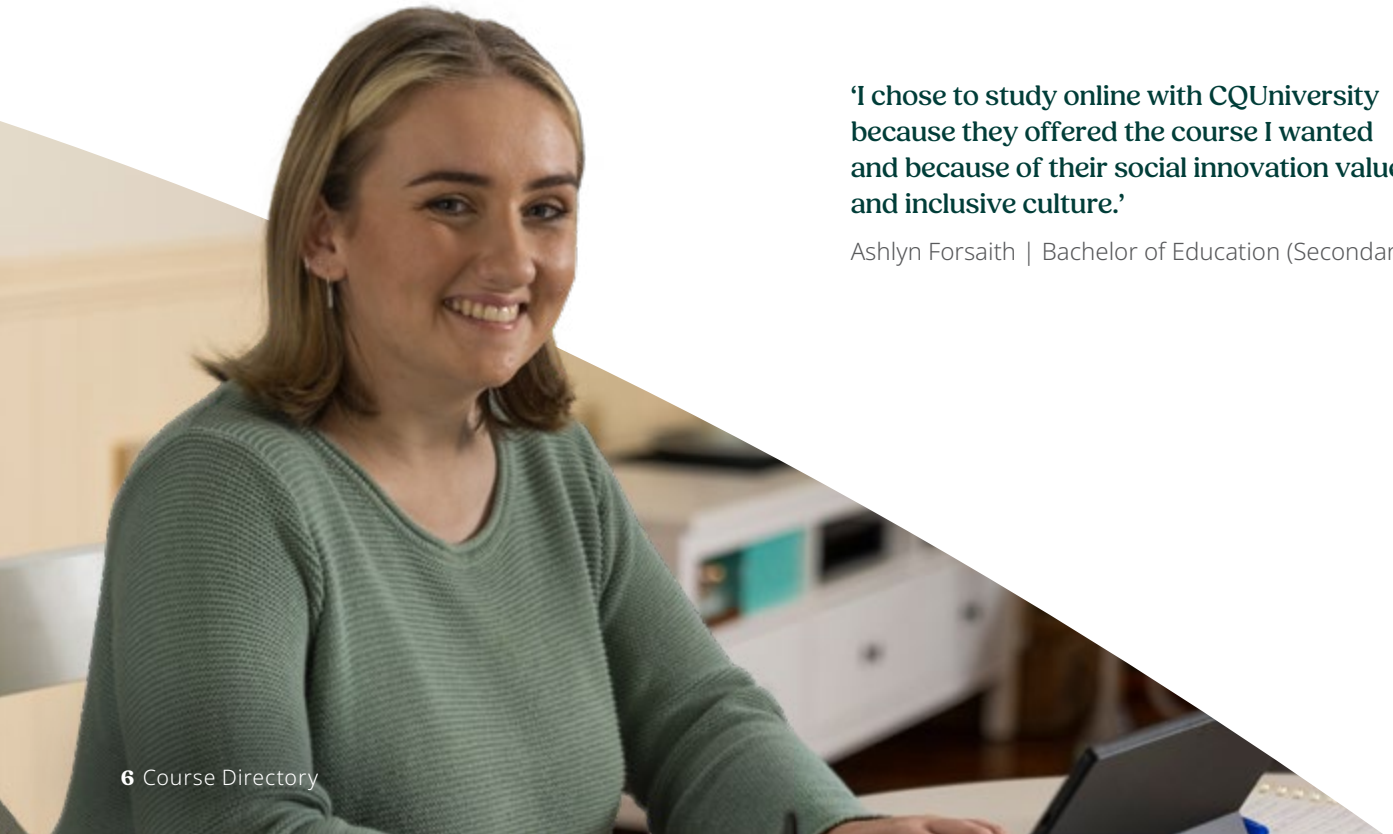
We understand that balancing study with work, family, social and other commitments can be hard. This is why we offer a variety of ways for you to tailor your study to suit your lifestyle.

As well as having on-campus availability at our locations across Australia, you can choose to study online via our renowned distance education mode. We are committed to delivering the latest techniques in online study and have even planned our physical sites to provide more services to our widespread online study cohort.

With many of our courses available to study over three terms and full or part time, you can adjust your study load to suit your circumstances, whether you're looking to fast-track your qualification, take a break, or progress through your course at a steady pace.

ATTEND A RESIDENTIAL SCHOOL

If you're studying online, you may enjoy on-campus residential schools and other face-to-face training sessions, giving you access to laboratories and specialised learning facilities, as well as opportunities to network with fellow students, teachers and industry professionals. These opportunities may be compulsory or optional, depending on your course. For more information, explore the details of your chosen course on our website.



'I chose to study online with CQUniversity because they offered the course I wanted and because of their social innovation values and inclusive culture.'

Ashlyn Forsaith | Bachelor of Education (Secondary)

Entry pathways

We understand that everyone's journey is different, so we offer many alternative pathways into our courses.

SKILLS FOR TERTIARY EDUCATION PREPARATORY STUDIES (STEPS)

STEPS is a Centrelink-approved enabling program that has helped thousands of Australians gain entry into university. Tailored to you and your unique study goals, STEPS is designed to help you return to study or work after some time away, complete prerequisite subjects for entry into your chosen degree, or give you the confidence and skills to successfully enter and undertake university study. For more information, visit cqu.edu.au/steps.

RECOGNITION OF PRIOR LEARNING (RPL)

RPL recognises skills and knowledge that you've acquired through informal learning. This may occur via workshops, training events, voluntary work or on the job. To obtain RPL, you need to be currently or recently working in the industry that you are wishing to be recognised for.

The RPL process involves an assessment of knowledge, skills and experience. Your skills will be assessed against industry standards by an RPL Assessor after your application and your supporting evidence has been submitted and processed. For more information, visit cqu.edu.au/rpl.

TAFE QUALIFICATION

If you hold a certificate III, certificate IV or diploma qualification, you may meet specified entry score requirements for many of our associate, bachelor and bachelor with honours degrees.

LEARN MORE

Learn more about our entry pathway options.

PRINCIPAL'S RECOMMENDATION SCHEME

Our Principal's Recommendation Scheme provides Year 12 students with an alternate entry pathway, based on their school principal's recommendation rather than an ATAR. It's an ideal pathway for all Year 12 students, especially if you haven't studied for an ATAR, or you've experienced circumstances that may have impacted your senior schooling results. For more information, visit cqu.edu.au/prs.

START UNI NOW (SUN)

Our SUN program is a valuable alternate entry pathway for high school students thinking about studying a CQUniversity undergraduate course. After successful completion of a SUN unit during your senior high school years, you may be eligible to apply for direct entry into your preferred course (excluding quota-managed courses) and receive credit towards your degree. For more information, visit cqu.edu.au/sun.

START TAFE NOW (STN)

Our STN program is ideal for Year 11 and 12 students, providing an opportunity to study certificate I, certificate II, and certificate III level courses in a wide variety of disciplines.

In Queensland, you can study a TAFE course as part of your Queensland Certificate of Education (QCE), and earn QCE points. To be eligible, you need to be at least 15 years of age at the commencement of classes. For more information, visit cqu.edu.au/stn.

Fees and scholarships

CQUniversity is committed to making education accessible. We offer competitive fees along with a generous variety of scholarships.

COSTS AND FINANCIAL SUPPORT

The cost of a course varies depending on what you are studying. You may also need to factor in other costs, such as living expenses, stationery, textbooks and equipment, including safety glasses, laboratory coats, gym clothes or a uniform. The Australian Government offers a number of financial support programs, like VET Student Loans, HECS-HELP, FEE-HELP and OS-HELP to support eligible students while studying. For more information, visit cqu.edu.au/fees.

If you are an international student, find fee information relevant to you at cqu.edu.au/internationalfees.

TAFE SUBSIDISED TRAINING

As a Skills Assure provider, CQUniversity offers a range of Queensland Government subsidised programs for TAFE courses covering skill sets, certificate and diploma qualifications. Eligibility criteria vary depending upon the objectives of the program. CQUniversity can assist in assessing Queensland Government Subsidies for your circumstances and advise on eligibility. Find out more at cqu.edu.au/subsidy or call us on 13 27 86.

Skills Assure

Proud to be a Queensland Government subsidised training provider

SCHOLARSHIPS

CQUniversity offers a comprehensive range of scholarships, bursaries and awards providing both opportunities and financial support. Receiving a scholarship or an award can help you manage the cost of study, looks good on your résumé and may even open doors to other benefits. These might include forming relationships with industry contacts, and creating opportunities for work experience and employment.

Our range of scholarships and bursaries are tailored to meet the diverse needs and circumstances of our students. While some of our scholarships are awarded on academic merit, others focus on a wide range of criteria, such as course of study, home location, commitment to community engagement and income status. For more information visit cqu.edu.au/scholarships.

LEARN MORE

Explore our full range of scholarships.

‘I didn’t think that I was eligible to get any type of scholarship, but I clicked on an email once and thought I’ll just have a look. The financial component of the scholarship was a massive help to me. It was wonderful to be able to purchase a few things, but also it just gave me a sense of immense pride.’

Christie McLucas | Scholarship recipient

How to use this guide

Our Course Directory lists all CQUniversity courses, including certificates, diplomas, undergraduate, postgraduate and research degrees. We've organised these courses into industry-focused study areas to help you find options that best suit your goals.

COURSE

Use the course code and course name to search our website cqu.edu.au and find out more about the courses you're interested in. TAFE courses may be marked with Ⓣ. This means the course may be delivered via the Start TAFE Now program.

INTAKE

Intake is the time of year you can start a course. We have three terms: Term 1 starts in March, Term 2 starts in July and Term 3 starts in November. TAFE courses may list the months they begin, or 'multiple', which means they may have many intakes so it's best to check our website. 'Anytime' relates to our hyperflexible online courses where study is self-paced and you can start at any time throughout the year.

DOMESTIC AVAILABILITY

CQUniversity has 20+ locations around Australia, so to fit them in our Course Directory we've used abbreviations, which you can find in the legend below. Some courses also offer online or mixed mode study options.

Course^	Intake*	Domestic availability*	Duration* FT/PT	ATAR/ SR#	Prerequisite	Int
BSB30120 Certificate III in Business	Multiple	Online	ⓘ			
CL53 Bachelor of Laws and Bachelor of Business	T1, T2, T3	Online	5/10	74	English (Units 3 and 4, C)	
CH76 Graduate Certificate in Management	T1, T2, T3	BNE, MEL, SYD, Online	0.5/1			🌐

DURATION

This is the minimum time (in years) required to complete a course full time (FT) or part time (PT). If the duration shows ⓘ visit cqu.edu.au for more information.

ATAR/SR

This is the minimum selection rank threshold. ATAR stands for the Australian Tertiary Admission Rank, and SR means Selection Rank. If you don't have an ATAR or SR get in touch with us to talk about the range of options available to you. Check the Important Notes on the inside back cover of this guide for more information on selection rank thresholds.

PREREQUISITES

These are subjects you must have studied at school. In brackets you'll find the prerequisite units required and the minimum grade you must achieve to meet the listed prerequisite. If it's been a while since you left school, your post-school experience may meet these requirements. If you don't have the prerequisites needed, check our alternate entry pathways.

Allied Health

Where can Allied Health courses take you?

Interested in a career as a physiotherapist, occupational therapist, speech pathologist or podiatrist? Our courses in each of these disciplines are ideal for you.

The Bachelor of Health Science provides you with foundational knowledge in health sciences and is an ideal pathway to honours and postgraduate allied health study.

For a career as a chiropractor the bachelor followed by the master combine to create a two-part study sequence required to achieve full registration as a chiropractor.

Our Certificate III and IV in Dental Assisting teaches you practical skills to assist in supporting dental applications, and the Bachelor of Oral Health allows you to apply for registration as an oral health therapist.

Where can Nutrition courses take you?

The Bachelor of Nutrition provides you with the opportunity to learn about the dynamic world of food and nutrition science. You'll have the option to major in either Clinical Nutrition, Food Technology, Pathway to Teaching (Secondary) or Public Health. The dual Bachelor of Nutrition and Bachelor of Science (Psychology) will give you a broad and coherent theoretical and technical knowledge of both nutrition and psychology.

You'll learn about the complex interplay between psychology and nutrition, and its application in real-world contexts.

The Bachelor of Nutrition / Master of Nutrition and Dietetics will develop your professional skills related to the practice of nutrition and dietetics to influence the management of medical conditions and enhance general wellbeing through nutritional intervention and dietary changes.

Business and Accounting

Where can Accounting courses take you?

If you are interested in becoming a professional accountant, our Bachelor of Accounting or dual degrees in accounting and business, or accounting and laws will provide the qualifications needed for recognition by the Australian accounting bodies. The dual courses also allow you to build your accounting knowledge within a multidisciplinary context while majoring in accounting.

If you want to build your accounting knowledge but don't need to qualify as a professional accountant, our TAFE certificates can assist you. The Certificate III in Accounts Administration is a great career-entry course or can help formalise existing hands-on experience in accounts payable, accounts receivable or processing financial data entry. If bookkeeping is of interest, the Certificate IV in Accounting and Bookkeeping will develop your ability to compile Business Activity Statements (BAS).

Already hold a degree and would like to meet professional recognition requirements? Our suite of postgraduate accounting options is designed to help you redirect your career towards accounting.

The Good Universities Guide 2025 (Undergraduate).

Where can Business courses take you?

Our TAFE certificates and diplomas build up your real-world experience in basic business functions, while our range of bachelor degrees and the Diploma of Business Studies are ideal career entry courses, helping you further your career aspirations with a diverse choice of majors available.

The Diploma of Indigenous Entrepreneurship and Innovation is ideal if you identify as an Australian First Nations person and would like to embark on a culturally enriched educational journey designed to blend traditional knowledge with modern business practices.

For a specialist professional career, explore our options in the disciplines of financial planning, property, management, marketing, public relations and human resources management.

Broaden your opportunities further with a dual business degree where you will advance the depth of your studies by adding accounting or laws into the mix.

If you have extensive experience or already hold a bachelor degree, postgraduate study allows you to specialise in fields such as human resources, innovation, international business, marketing, management or embark on an MBA.

Creative, Performing and Visual Arts

Where can Creative and Performing Arts courses take you?

Our Bachelor of Theatre begins with a focus on core studies within a performance-integrated structure, a major in Drama, Music Theatre or Technical Theatre, and a range of extension minors to extend your skills and knowledge further. The Diploma of Theatre provides a pathway into the Bachelor of Theatre with credit for units completed. Our Bachelor of Arts offers a major in Theatre Studies providing a broad education in humanities and the arts.

Music options include a diploma that develops fundamental musical knowledge and performance skills, and is great if you are looking to enter the music industry or want to further your tertiary studies.

The Bachelor of Music will offer specialist training in vocal or instrumental performance, and the benefit of tailoring your studies in a range of music styles including western art music, jazz or contemporary music. Focus your strengths and interests by pursuing minors in Music Ensemble, Musicology, Music Pedagogy, Music Performance or Music Technology. Studying at our Mackay Ooralea campus will provide you with a conservatoire-style environment to learn, and a performance schedule in a range of settings to prepare you for your career.

‘My experience with the lecturers at CQUniversity has been very good. I was very impressed at how kind they were with me at the beginning of my degree when I was trying to figure out how I could do the subject areas that I wanted.’

Cassidy Acutt | Bachelor of Theatre

Where can Visual Arts courses take you?

Our courses in visual arts refine your skills and knowledge in drawing fundamentals, as well as contemporary art practices.

The certificate and diploma allow you to focus on relevant and practical areas, such as drawing, painting or printmaking.

The Diploma of Visual Arts is also an ideal pathway into the Bachelor of Arts, which allows you to combine a major in Visual Arts with a range of humanities disciplines, broadening your career opportunities across humanities and arts.

Digital Media, Communication and Arts

Where can Arts courses take you?

The Diploma of Arts is a versatile taster, combining humanities and social sciences disciplines with professional specialisations, providing a route into the Bachelor of Arts. When you study the Bachelor of Arts you have the flexibility to tailor your studies to suit your goals by selecting majors, minors and units in a wide variety of disciplines.

The Master of Arts allows you to take a deep dive into an arts or humanities discipline of your choice. It's an ideal option to advance your skills and knowledge after completing our Bachelor of Arts, Music, Theatre or Digital Media. The flexible Graduate Certificate and Master of Creative Writing are ideal if you have a personal interest in creative writing.

Education, Teaching and Childcare

Where can Childcare courses take you?

The Certificate III in Early Childhood Education and Care qualifies you to work within the requirements of the Education and Care Services National Regulations, as well as the National Quality Standard.

Our Diploma of Early Childhood Education and Care will equip you to work as a qualified early childhood educator. Learn how to plan, implement and manage early childhood programs for quality assurance, licensing and duty of care requirements.

The Graduate Diploma of Early Childhood Education and Care is designed for international students and is an initial teacher education course that will prepare you to demonstrate the requirements to work as a teacher with children of preschool age or under in centre-based services.

Where can Education courses take you?

Our range of Education courses are designed to assist you along your chosen career path.

This includes a number of options specifically for registered teachers. The Graduate Certificate in Religious Education qualifies you to teach in Australian Catholic schools. The Graduate Certificate and Master of Educational Neuroscience specialise in the theory and practice of memory and learning from a neuroscience perspective, while our educational leadership courses are designed for current and aspiring education leaders.

If you're interested in a career as a teacher aide, education support worker or education assistant, consider our Certificate III or IV in School Based Education Support.

If you're starting a career in vocational education and training or are in a training role, our Certificate IV in Training and Assessment may be for you.

Interested in an undergraduate through to postgraduate path to teaching?

The following courses offer a Pathway to Teaching major or minor that can provide you with a pathway into our Master of Teaching degrees[1]:

- Bachelor of Arts
- Bachelor of Exercise and Sport Sciences
- Bachelor of Medical Science
- Bachelor of Nutrition
- Bachelor of Theatre

[1] The Pathway to Teaching majors and minors do not guarantee entry into CQUniversity's Master of Teaching, and course entry requirements must be met. Visit cqu.edu.au/pathway-to-teaching for more information.

Engineering, Built Environment and Aviation

Where can Asset and Maintenance Management courses take you?

If you currently work in asset and maintenance management, our Graduate Certificate in Asset and Maintenance Management will integrate your experience as a maintenance practitioner with theories and concepts to develop your professional skills and knowledge.

The Graduate Diploma and Master of Asset and Maintenance Management build on your skills and knowledge further.

Course^	Intake*	Domestic availability*	Duration* FT/PT	ATAR/ SR#	Prerequisite	Int

Where can Aviation courses take you?

Our versatile aviation courses will equip you with specialist skills to prepare you for a career as a pilot, or manager working in the dynamic aviation industry. If you want to gain a Commercial Pilot Licence or Command Instrument Rating, our Bachelor of Aviation (Flight Operations) equips you with the required academic and aeronautical knowledge. When studied in conjunction with the graduate diploma you'll be qualified to work as a professional pilot and have access to aviation careers in the air transportation industry.

If you are an international student, the Bachelor of Aviation (Commercial Pilot) is a great option to qualify you as a commercial pilot.

The Graduate Diploma of Aviation represents the flight training aspect of our aviation courses. The Airline and Airport Operations major within the Bachelor of Aviation will prepare you for a career in aviation management. If you are interested in a career in aircraft maintenance engineering (avionics or mechanical), explore the Bachelor of Engineering Technology.

The Good Universities Guide 2025 (Postgraduate).

Where can Built Environment courses take you?

Our Associate Degree of Building Design equips you with the relevant skills to plan and design structures ranging from residential homes to medium-rise commercial buildings. The Bachelor of Building Design satisfies the educational requirements for the Building Design – Open Licence issued by the Building Services Authority, Queensland. The dual engineering and building design course prepares you for a career as a civil engineer skilled in high-level engineering and building design.

The Associate Degree of Building Surveying will teach you how to assess building documentation for code and standards compliance, and inspect staged works for domestic and residential buildings, while the bachelor qualifies you to certify buildings of all classes in the residential and commercial sectors.

The Bachelor of Construction Management (Honours) covers construction management and planning, materials and structures, services, and building maintenance, and qualifies you for a career as a construction manager, while our dual course in engineering and construction management will broaden your career opportunities and prepare you for a career as a civil engineer competent in managing the construction process.

Our postgraduate construction management courses incorporate principles of project management as they apply across different phases of the construction cycle. They are ideal for those seeking a career in construction management and project management from a national and international construction management perspective.

Where can Engineering courses take you?

Our engineering courses offer a choice of majors that prepare you to pursue roles in civil, electrical, mechanical or resource systems engineering. For those working in a trade or as an engineering associate/technologist, the Associate Degree of Engineering extends your expertise and offers a broad range of majors to suit your career aspirations. To qualify as an engineer, the Bachelor of Engineering (Honours) offers a broad range of majors in both traditional and emerging fields. The Bachelor of Engineering and Diploma of Professional Practice (Co-op Engineering) also qualifies you as an engineer and features paid work placements.

The dual courses in engineering and built environment, construction management, project management or information technology broaden your career prospects, opening the door to a range of professional career opportunities.

Our postgraduate engineering options expand on existing credentials or offer a second discipline of interest. The Master of Engineering suits three- or four-year qualification holders seeking recognition as graduate professional engineers.

A range of postgraduate management options are also available and are ideal if you are seeking to advance your business skills.

English and Study Pathways

Where can English Language courses take you?

If you are an international student, our English language courses are designed to help you gain the skills for academic study.

Our English Language Intensive Course for Overseas Students (ELICOS) provides you with a range of academic English language units to prepare you for tertiary study.

The content is very similar to International English Language Testing System (IELTS) preparation, but there is a stronger focus on referencing, essay writing and presentation, information literacy and note-taking for lectures.

Where can Pathway courses take you?

Start Uni Now (SUN) is designed for Year 11 or 12, or soon-to-finish Year 10 students wishing to study university units. The Start TAFE Now (STN) program allows Year 11 and 12 students the opportunity to study a range of vocational education and training courses. You can find out more about SUN and STN on page 45.

Additionally, Skills for Tertiary Education Preparatory Studies (STEPS) helps you enter higher education, meet prerequisite subjects and excel in your studies. STEPS also offers units that embrace and affirm your Aboriginal and Torres Strait Islander background, preparing you for tertiary study.

Where can Information Technology courses take you?

Our TAFE certificate and Diploma of Information Technology provide the relevant training to use varied software and devices, IT systems and perform introductory ICT technical functions. The Diploma of Information and Communications Technology and Associate Degree of Information Technology provide you with a solid foundation in IT and are ideal pathways towards further study.

The Bachelor of Information Technology covers similar IT content with options to complete an internship or simulated project. The Co-op course also features a paid work placement. Our dual engineering and IT degree provides you with broad, yet relevant study ideal for a career in engineering or the IT sector.

Our postgraduate study options allow you to develop your skills or advance your career, offering a variable understanding of professional industry IT skills, knowledge and applications, culminating in a choice of majors and minors at the advanced level.

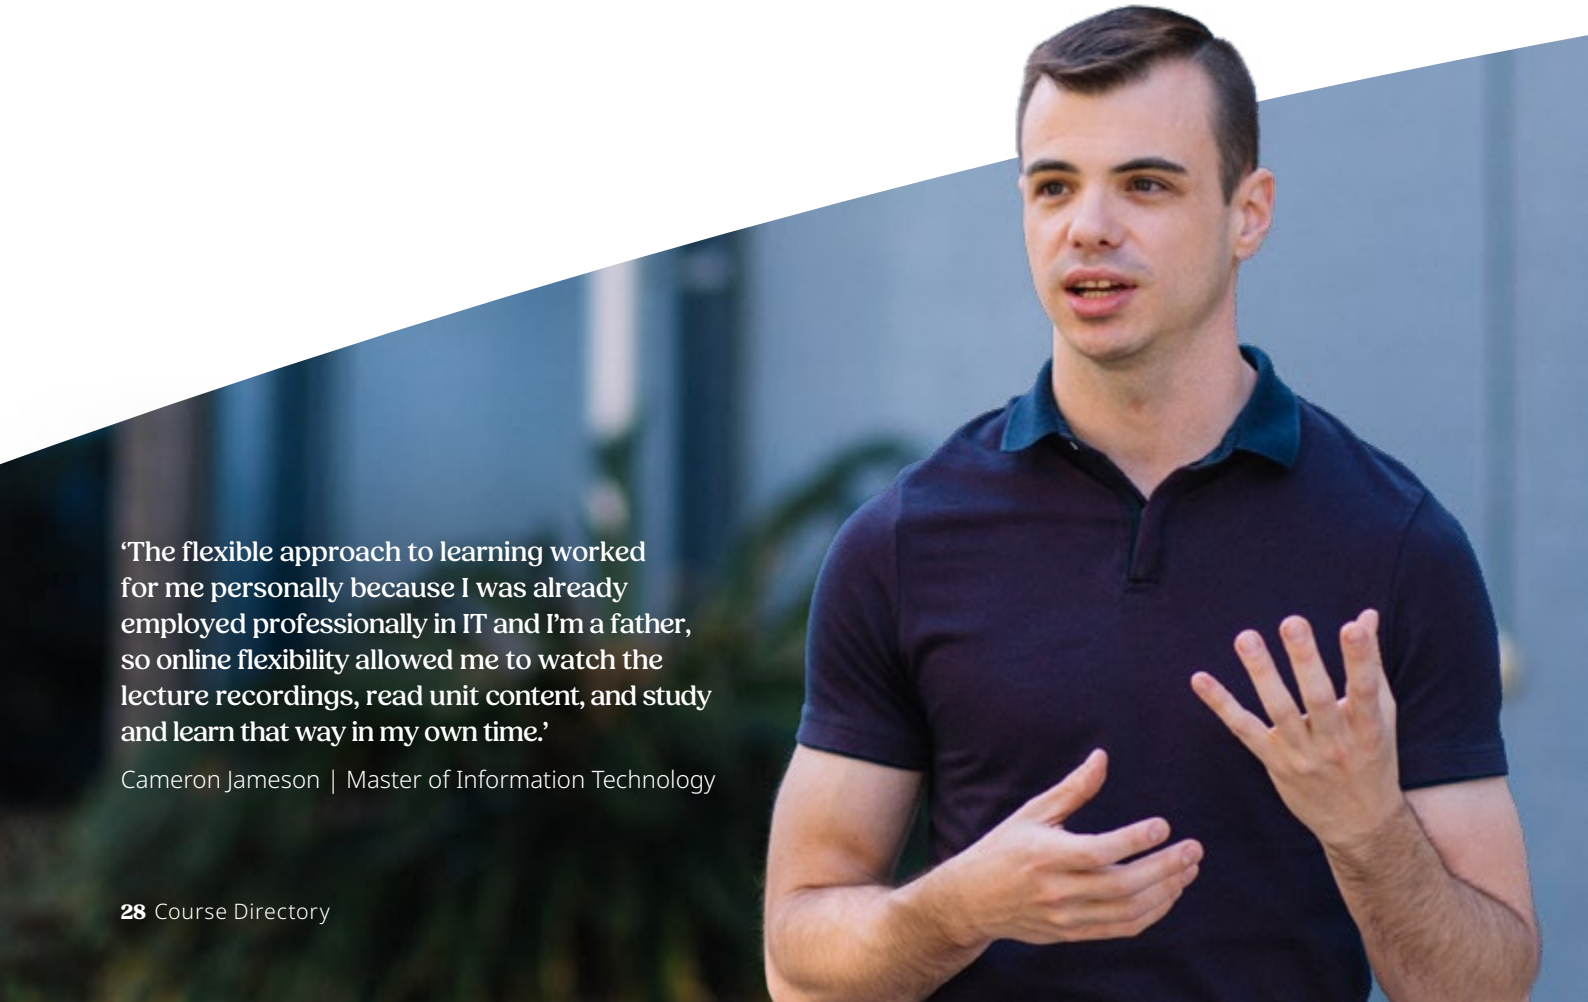
#1 in Australia for information systems skills development.
The Good Universities Guide 2025 (Postgraduate).



‘The flexible approach to learning worked for me personally because I was already employed professionally in IT and I’m a father, so online flexibility allowed me to watch the lecture recordings, read unit content, and study and learn that way in my own time.’

Cameron Jameson | Master of Information Technology

Law, Criminology and Justice

Where can Criminology and Justice courses take you?

A criminology or justice qualification can open career opportunities in law enforcement, customs, corrective services, court services, risk assessment and compliance in public and private sectors.

The Certificate IV in Justice Studies provides organisational and management practice know-how, as well as legal understanding to effectively research and operate in the justice field.

The Diploma of Justice Studies prepares you for para-professional roles in legal and justice-related fields.

The Bachelor of Science (Criminology and Psychology) brings criminology and psychology together, plus the study of sociology, justice and forensic science.

Where can Law courses take you?

Our Bachelor of Laws delivers a wide-ranging understanding of the law and, along with our dual degrees specialising in accounting, business or psychology, is accredited by the Legal Practitioners Admissions Board of Queensland. Upon completing the relevant practical legal training, you may seek admission as an Australian Legal Practitioner.

Graduates in law are eligible for a career as a legal professional working in a wide variety of specialisations. Aside from the traditional roles as a solicitor, barrister or in-house counsel, a law degree is useful for careers in academia, business, the public service and politics.

Course^	Intake*	Domestic availability*	Duration* FT/PT	ATAR/ SR#	Prerequisite	Int

Where can Psychology courses take you?

Seeking a career as a clinical psychologist? For those without a degree, the Bachelor of Psychological Science is your ideal starting point. If you already have a tertiary qualification, the Bachelor of Science (Psychology) would suit. Both are a first step towards professional registration as a psychologist requiring a further one-year honours degree, followed by two years of postgraduate study.

Our fifth-year Master of Professional Psychology allows for a final year supervised internship to then register as a psychologist. The fifth- and sixth-year Master of Clinical Psychology allows you to register as a general psychologist and apply for endorsement as a clinical psychologist.

The Master of Clinical Psychology (Advanced Entry) is ideal if you already hold general registration as a psychologist, or have completed an APAC accredited Master of Professional Psychology, and would like to complete training in clinical psychology as a specialised area of practice.

Explore a broad range of career options when you combine your psychology study with laws, nutrition or criminology. Our study options in these disciplines also provide a pathway to a psychological science honours degree.

Our postgraduate options in positive psychology provide you with career advancement opportunities, enabling you to expand your professional knowledge.

Where can a Social Work course take you?

The Bachelor of Social Work develops your skills to work as a professionally qualified social worker, family support worker, guidance officer, counsellor or youth worker. You will graduate having fulfilled the practice standards of the Australian Association of Social Workers (AASW).

The Master of Social Work (Qualifying) also prepares you for a career as a social worker and is available for international students.

Where can Workplace Wellbeing courses take you?

Our workplace wellbeing courses are ideal to build your skills and knowledge in the promotion of wellbeing, psychosocial safety and positive mental health within the workplace.

Our suite of courses allows you to progress from a graduate certificate, through to graduate diploma and masters degree.

You'll develop your skills to identify and anticipate psychosocial hazards in the workplace, and learn to critically evaluate and implement occupational health, mental health and resilience interventions to initiate, motivate and sustain workplace wellness.

Safety Sciences

Where can Safety Sciences courses take you?

Ideal for current or aspiring emergency and disaster management professionals and volunteers, the Diploma of Public Safety (Emergency Management) will equip you with industry-wide knowledge and skills in areas such as emergency procedures and public safety. Our postgraduate courses in emergency and disaster management provide you with opportunities to tailor your studies to your career interests, and progress your emergency service or disaster management career.

Our courses in occupational health and safety can provide you with a great introduction to the field of occupational health and safety, and are a good option to advance pre-existing professional skills. The associate degree covers the first two years of the bachelor and sets you up as a paraprofessional, while the bachelor qualifies you as a practising professional. Our postgraduate options will suit if you are an established OHS professional — or have a degree in non-related fields — and want to specialise or advance your career.

Science, Environment and Agriculture

Where can Science courses take you?

Our Bachelor of Agriculture offers the opportunity to concentrate your studies with a choice between majors in Agronomy, AgTech and Livestock.

If you are looking to gain experience working with animals, the Certificate II in Animal Care will prepare you for career opportunities attending to animals in a kennel, cattery, animal shelter or pet shop.

Budding horticulturists will appreciate the Certificate II in Horticulture, an ideal pathway to a horticultural trade qualification. The Certificate III in Horticulture provides you with general knowledge and skills in amenity horticulture.

Our Certificate II in Sampling and Measurement and Certificate III in Laboratory Skills are ideal career-entry courses, while our Certificate IV in Laboratory Techniques enhances your existing laboratory capabilities.

Explore a range of botany and zoology, chemistry, earth and climate science, environmental science or science careers with our Bachelor of Science and Environment, or enhance your professional and research skills with the Bachelor of Science (Honours).

Research

Whether you come from an academic, government or industry /practitioner background, if you are passionate about exploring a topic further, CQUniversity can help you turn it into a research project.

Our research strengths and focus include areas such as agricultural systems, applied medical health, automation, clean energy, creative arts, domestic violence, economics, environmental systems, exercise and sports science, healthy behaviours at work, rest and play, management, mental health, nursing workforce, education and health service delivery, psychology and wellbeing, public health and health promotion, railway engineering, and smart systems.

RESEARCH WITH REAL-WORLD IMPACT

Our research contributes to CQU being ranked #52 out of universities worldwide for sustainability.

‘My supervisor is amazing, has always been highly professional, and has always motivated me to come forward and share my ideas. The environment is so warm and welcoming.’

Rufaida Zikria | Research student

More study options

OPPORTUNITIES FOR HIGH SCHOOL STUDENTS

If you're in high school, CQUniversity provides opportunities for you to study Vocational Education and Training (VET) or higher education units while still at school, meaning you may be able to graduate from CQUniversity earlier.

START UNI NOW (SUN)

Available for domestic and international students, SUN offers Year 10[1], 11 and 12 students the opportunity to study CQUniversity units from degree-level courses while still in secondary school as part of your Queensland Certificate of Education (QCE). Studying a SUN unit may also provide credit toward high school certificates such as SACE, VCE and WACE. In South Australia and Victoria, completion of eligible SUN units may also give you credit toward the calculation of your ATAR.

You can enrol in a range of units, either on campus (face-to-face) or online, and combine them with your regular school work.

For more information, visit cqu.edu.au/sun. For more information about SUN for international students, visit cqu.edu.au/int-sun.

START TAFE NOW (STN)

Start TAFE Now is ideal for Year 11 and 12 students, providing an opportunity to study certificate I, certificate II, and certificate III level courses in a wide variety of disciplines.

Benefit from developing real trade skills and qualifications, while completing secondary school. In Queensland, you can study a TAFE course as part of your Queensland Certificate of Education (QCE), and earn QCE points. To be eligible, you need to be at least 15 years of age at the commencement of classes. For more information visit cqu.edu.au/stn.

Year 11 students can include a TAFE certificate III qualification or higher to contribute to the Australian Tertiary Admission Rank (ATAR).

CQUniversity has options available for high schools who have teachers interested in delivering TAFE qualifications at their school in their area of expertise or specialisation. To discuss partnership opportunities, please email stn@cqu.edu.au.

APPRENTICESHIPS AND TRAINEESHIPS

The steps to becoming an apprentice or trainee are different to becoming a student at university or TAFE.

Generally, you will be required to find an employer who is willing to employ you as an apprentice or trainee. During your apprenticeship or traineeship, your employer (or Group Training Organisations/Job Services Australia provider) may arrange for you to undertake vocational education and training at CQUniversity.

If you employ apprentices or trainees, and are seeking a trusted local TAFE training provider, you'll find everything you need at CQUniversity. Our expert teachers deliver quality and industry-relevant training to ensure your apprentices and trainees gain the knowledge and skills needed to succeed.

Our apprenticeship and traineeship courses cover a wide range of areas. For more information, visit cqu.edu.au/apprenticeships.

CROSS-INSTITUTIONAL STUDY

If you are enrolled as an undergraduate or course work postgraduate student at another institution and wish to undertake CQUniversity units, you may choose to apply for cross-institutional study. You will require approval from your home institution and this must be submitted as part of your application. For more information, visit cqu.edu.au/crossinstitutional.

SINGLE NON-AWARD UNITS

If you want to update or expand your knowledge in a specific area without committing to an entire course, you may wish to apply to study a single non-award unit. You will be required to meet the entry and pre-requisite requirements for admission to the course from which the unit or units belong to. For more information, visit cqu.edu.au/non-award.

SHORT COURSES

CQUniversity has a range of accredited and non-accredited short courses in a wide variety of interest areas. If you are looking to upgrade your skills or have a talent or interest you would like to pursue, our suite of short courses are designed to bring you the knowledge and skills you are looking for. For more information, visit cqu.edu.au/shortcourses.

[1] Year 10 students are eligible for Term 3 (November) intake only.

PROFESSIONAL DEVELOPMENT

CQUniversity offers a variety of non-award short courses and micro-credentials to meet mandatory professional development requirements, as well as industry workforce development needs.

You can enrol at any time. The courses are self-paced, allowing you to complete them within a flexible timeframe.

Successful completion of a professional development course will be awarded with a Digital Badge and a Certificate of Completion, as evidence of your learning. You may be eligible for credit transfer and/or Recognition of Prior Learning (RPL) into some courses offered at the University on a case-by-case basis.

New courses and professional development areas are continually being developed. For the latest information, visit cqu.edu.au/shortcourses.

Next steps

READY TO APPLY?

Domestic students

If you've decided what you'd like to study, it's time to apply. Depending on your location, circumstances and what you have chosen to study, you may need to apply via a Tertiary Admission Centre (QTAC or UAC), our Apply CQUni portal, or you may be able to apply direct to CQUniversity. To find out how to apply, visit cqu.edu.au/apply.

International students

If you are an international student, you can submit your application to study with CQUniversity online via iStart. To find out more about the application process, visit cqu.edu.au/international-apply.

NEED MORE INFORMATION?

If you have questions, we're here to help. You can find more detailed information about career and study options online at cqu.edu.au.

If you'd like to talk to someone directly, phone 13 27 86 or connect with us at one of our events.

Please refer to the next page for event details.

International students

If you are an international student, explore our website for information that is relevant to you, including entry requirements, fees, campus availability, student visa information and more. Visit cqu.edu.au/international.

WANT TO VISIT?

If you'd like to meet us in person, or arrange a tour of one of our locations, call us on 13 27 86 to make an appointment, or visit cqu.edu.au/locations to find the address and opening hours for your preferred location.

BOOK A CONVERSATION

We are here to help you explore your future study options and answer your questions. Book a conversation with us, when and how it suits you — phone, Zoom, email or Facebook Messenger.

'I was really welcomed into the university by the lecturers, by the students, by everyone I met along the way.'

Christian Lane-Krebs | CQU student

Term dates and events

APPLICATION DATES

Please note that application due dates are prior to the commencement of each term, and vary depending on your individual circumstances and the course you choose.

Visit cqu.edu.au/apply.

2026 UNI TERM DATES

Term 1: Monday 9 March – Friday 5 June
Term 2: Monday 13 July – Friday 9 October
Term 3: Monday 9 November 2026 – Friday 12 February 2027

TAFE TERM DATES

TAFE course enrolments occur throughout the year.

Explore our full range of Open Day events.

IMPORTANT NOTES

^ Courses at some locations may be delivered by a combination of on-campus study, workshops, residential schools and online education.

* Intakes, duration and availability may differ from what is listed in this directory depending on preferred intake, study mode and personal circumstances. Course commencement is dependent on sufficient enrolments. Different study periods apply for TAFE and university courses. Many TAFE courses offer multiple monthly intakes.

Mixed Mode availability is unique to TAFE courses only and is a combination of online learning activities in addition to compulsory site-specific learning activities. Online availability for TAFE courses may include work integrated learning, such as work placements and residential school. Please visit cqu.edu.au/glossary or contact us for more information.

The SR and ATAR listed are the entry scores required to be considered for a place in each course and should be used as a guide only. Entry to courses is competitive and the cut-off score will vary from year to year, and for courses where there is a limit on the number of places available a higher score may be required. To view the latest ranking information visit cqu.edu.au/courses to find your preferred course and view the Entry Score information.

CQUniversity Australia is committed to operating sustainably to reduce our adverse impact on the environment.

All CQUniversity course guides and brochures can be found on our website.

We printed this brochure on paper that is fully recyclable and made of a blend with 30% recycled content, and the remaining pulp coming from PEFC™ certified sustainably managed sources. The pulp is elemental chlorine free and the paper is manufactured by an ISO 14001 certified mill.

Published by CQUniversity Australia (June 2025).

The information contained within this guide is predominantly for domestic students. Information specifically for international students can be found online at cqu.edu.au/international.

CQUniversity and the Australian Government want international students in Australia to have a safe, enjoyable and rewarding place to study. Australia's laws promote quality education and consumer protection for international students. These laws are known as the Education Services for Overseas Students (ESOS) framework. For further information, visit cqu.edu.au/esos.

The information in this publication was correct at the time of printing, however is subject to change. Check the CQUniversity website for the latest information.
