#### 4 Quality of Research Project and Alignment with CQUniversity's Research Priority Areas

In 300 words or less, explain what you know about CQUniversity's current research priorities and research environment. Please include a description of how your research will add to the work being done in those areas, particularly regarding research outputs and research culture.

Please share any other details that could help the scholarship team recognise your academic excellence and writing skills. This section can be up to 300 words long. Please don't send any attachments. Only include new information here and avoid repeating what's already in your CV or application. If you don't have anything else to add, please write 'not applicable.'

#### 5 Research and Professional Experience

Please share any additional information about your research and research-related professional experience. Note: this section should only be used for information that <u>has not already been made available</u> in your application for admission. If you do not have additional information to add, please write 'not applicable'.

Research experience and/or research impact may be demonstrated by providing evidence of relevant research activity such as a published piece of work in a peer-reviewed outlet (e.g. journal, conference paper, book or book chapter), a RHD degree thesis (such as an honours or masters by research thesis), a protected design/software, a recorded performance/exhibition of creative painted, drawn or sculpted work, and providing a statement of contribution. If the research output is associated with multiple authors or contributors, the applicant must also provide a statement regarding the contribution of each author.

### 6 Treating Health Professional Report

Please attach a report from your Treating Health Professional demonstrating eligibility for the Be Scholarship based on the disability criteria, using the provided template.

7 DECLARATION
