

Accessing eduroam using Windows 8

BE WHAT YOU WANT TO BE

cqu.edu.au

eduroam is a service that enables CQUniversity students and staff to connect to a secure wireless network while on campus and when visiting other educational institutions around the world. This makes it possible to travel (for work or study purposes) and connect to the internet.

You can find out where eduroam is available in Australia at:

<http://www.eduroam.edu.au/tools-and-resources.html>

1. Open the “**Charms menu**”

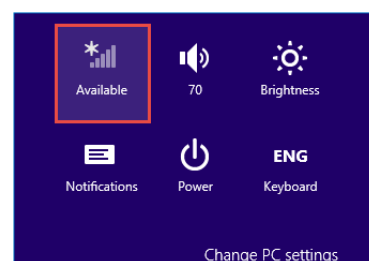

To open the Charms bar:

Mouse: Point cursor at the top- or bottom-right corners of the screen.

Keyboard: Press the Windows key + C.

Touchscreen: Slide your finger inward from the screen’s right edge.

2. Select the “**Settings**” icon at the bottom of the “**Charms menu**”
3. From the six settings available select the **WiFi/Network** icon.
4. Select **eduroam** from the list of available networks.
5. Tick **Connect automatically** then select **Connect**.
6. Enter your CQUniversity username and password as described below.

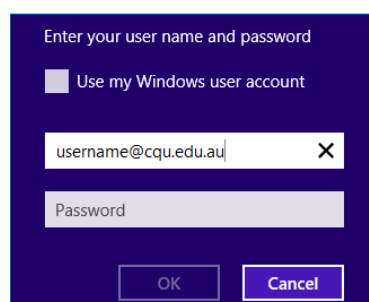

In the Username field you must enter your username followed by “@cqu.edu.au”.

example [username]@cqu.edu.au

Student: 87651234@cqu.edu.au

Staff: smithj@cqu.edu.au

In the password field enter your CQUniversity password.

7. You are now connected to eduroam
