SECTION 1 - INFORMATION ABOUT PROFESSIONAL PRAXIS 2

Introduction to Professional Praxis 2

Professional Praxis 2 is the first in-school placement for pre-service teachers enrolled in CQUniversity's Master of Teaching (Primary and Secondary) course.

During this 20 day placement, pre-service teachers gain valuable professional knowledge by engaging actively in aspects of teachers' professional work. The emphasis on professional learning in this placement is the development and application of skills for planning, teaching, classroom management and reflective practice that characterise quality teaching. During this placement, pre-service teachers plan lesson sequences that include checks for learning to monitor student progress, trial a range of teaching strategies and learn to use different approaches to classroom management to enhance student learning.

This booklet provides information for pre-service teachers, supervising teachers, site coordinators and university supervisors about the expected outcomes, structure, activities and assessment against the Australian Professional Standards for Teachers for Professional Praxis 2.

Aims of Professional Praxis 2

Professional Praxis 2 provides the opportunities for pre-service teachers to apply knowledge of planning processes and the content and teaching strategies of curriculum learning areas gained through university coursework.

Course maps are reproduced below to show the placement of Professional Praxis 2 in relation to university coursework and provide supervising teachers with information about the prior knowledge that the pre-service teacher brings to classroom contexts at this stage of their development.

Year 2	CQUniversity Term 1	Teacher as Researcher	Digital Learning and Teaching	Demonstrating Impact: Curriculum and Pedagogy in Practice	Professional Praxis 4: Transition to Teaching

Where possible, this placement for Master of Teaching (Secondary) students should include opportunities to plan and teach in both their Major and Minor Teaching Areas with the emphasis on planning, teaching and assessment activities in Junior Secondary.

The main aims of the Professional Praxis 2 placement are to:

- Support pre-service teachers' understanding and application of strategies for planning lessons and sequencing teaching and learning to align with curriculum intent and assessment of students' achievement in an authentic classroom setting
- Broaden pre-service teachers' awareness of strategies that support students' literacy and numeracy development
- Enhance pre-service teachers' understanding of the purpose of formative assessment in supporting and monitoring student learning of curriculum content
- Provide opportunities for pre-service teachers to plan for and practise strategies for consistent and fair management of student behaviour and for classroom routines in whole class contexts
- Enhance pre-service teachers' capacity for evaluating their classroom practice through a focus on student learning and targeted feedback on their progress and achievement against selected focus areas of the Australian Professional Standards for Teachers.

Expected outcomes of Pre-service Teachers during Professional Praxis 2

Pre-service teachers are assessed against the Australian Professional Standards for Teachers **at a level appropriate for their first in-school placement**. At this stage, pre-service teachers are expected to **engage with** selected focus areas of the Standards matched to the tasks and activities they complete in the classroom, rather than demonstrate achievement of the Standards at Graduate Level.

Specifically, by the end of the Professional Praxis 2 placement, the pre-service teacher will be able to:

- Prepare for teaching by organising lesson content into a logical sequence with a clear introduction, body and conclusion that scaffolds the development of core curriculum concepts and/or literacy and numeracy
- Select and use teaching strategies and resources, including ICTs, to enhance student learning and understanding of curriculum content
- Use effective interpersonal skills and classroom management strategies that are consistent with whole school approaches and established classroom rules to create a positive and supportive learning environment
- Analyse formative assessment information gathered from teaching activities to adjust planning and delivery of lessons to meet the learning needs of students in the class
- Respond to feedback about planning and teaching to evaluate practice and identify ways to improve teaching and student learning
- Reflect on the impact of teaching practice on student learning and engagement by making explicit links to the selected focus areas of the Australian Professional Standards for Teachers for Professional Praxis 2
- Apply personal literacy and numeracy competence in classroom and professional contexts

Elaboration of the achievement standards and detailed expectations of pre-service teachers during Professional Praxis 2 are outlined in the Supervision and Assessment Section of this booklet. The details provided should be used by supervising teachers as a guide for:

- (a) providing the pre-service teacher with appropriate opportunities for learning how to teach during the placement;
- (b) giving feedback on the pre-service teacher's practice and progress against the expectations set for Professional Praxis 2; and,
- (c) making judgements on the pre-service teacher's overall achievement against the Standards on the Final Summative Report.

Pre-service Teachers' Prior Knowledge Preparation for Professional Praxis 2

Pre-service teachers will be prepared for the block placement through 12 weeks of university tutorials and workshops. These university-based learning activities develop pre-service teachers' understandings of teacher professionalism and skills for completing the required tasks for this placement. Pre-service teachers will have engaged with course materials and activities using aspects of the Australian Professional Standards for Teachers (Graduate Career Stage) as the basis for collection of evidence of practice, reflection and professional goal-setting.

Prior to the placement, pre-service teachers will have completed coursework based on the strategies teachers use to create positive, organised classroom environments that support wellbeing, engagement and learning to build understanding of the impact different approaches to classroom management have on student learning; and, the use of motivation, relationship building and engagement to plan proactively for the safety, support, inclusion and self-regulation of all learners.

Additionally, pre-service teachers should apply knowledge gained from curriculum and pedagogy units they have studied to plan, implement and evaluate lessons and learning sequences that incorporate a range of teaching strategies and resources as well as a range of ICTs to improve student outcomes.

To be eligible to complete the placement for Professional Praxis 2, pre-service teachers must meet the following requirements:

- Attend at least 80% of the tutorials and actively engage in the planned professional learning activities
- Receive a Passing Grade on Assessment Task 1 for this unit which is a university-based assessment task aimed at building pre-service teachers' knowledge and understanding of theories and practical strategies for managing behaviour and creating and maintaining a supportive learning environment.

Duration and Structure of Professional Praxis 2

Pre-service teachers complete a total of 20 days of professional experience in a school as a four-week block.

The placement involves supervised assessment, coaching and mentoring by a teacher with current registration with the Queensland College of Teachers; or, in the case of placements outside Queensland, a teacher who by way of holding an approved qualification or experience, would be eligible for registration as a teacher in Queensland under the Queensland College of Teachers' arrangements for mutual recognition. Payment is received for all of these days and advice about procedures for claiming payment will be distributed to supervising teachers and site coordinators by staff from the CQUniversity Professional Experience Office at the commencement of the placement.

An orientation/induction session should be conducted by the site coordinator at the school to ensure the pre-service teacher is conversant with all expectations of the site. This session would usually occur in the week preceding the commencement of the placement (where possible); and may include attendance at the school for a whole/part day to meet with the supervising teacher and allocated class for the placement. A guide to suitable orientation/induction activities is provided in the Table of Pre-service Teacher Tasks and Activities on Pages 6 – 7 of this booklet.

SECTION 2 - GUIDELINES FOR THE SUPERVISION AND ASSESSMENT OF PRE-SERVICE TEACHERS

The support, supervision and assessment of pre-service teachers during Professional Praxis placements centres on five key aspects of teaching practice identified in the Queensland Professional Experience Reporting Framework (the framework). The framework is an integral part of Queensland Partnership Agreements for the conduct of high quality professional experience and provides a common assessment and reporting mechanism for making judgments on pre-service teachers' progress towards, or achievement of, the Australian Professional Standards for Teachers (Graduate Career Stage).

Regardless of the Australian state or territory in which the placement is completed, the five aspects of teaching practice underpinning the performance and assessment of pre-service teachers are:

1. Planning effectively – Preparing for teaching
2. Teaching effectively – Enactment of teaching
3. Managing effectively – Creating safe and supportive classroom environments
4. Assessing and recording learning
5. Professional conduct

The role of the Supervising Teacher

The supervising teacher performs a vital role in the support and assessment of pre-service teachers and in the processes they undertake while learning to teach. Valued features of this role include modelling effective teaching practice and creating opportunities for discussion and reflection on practices that improve student learning to guide the pre-service teacher's professional development.

The following sections of this booklet provide information and guidelines for three key responsibilities of the supervising teacher's role in this placement in relation to mentoring, supervision and assessment. These responsibilities include:

- Providing opportunities that allow the pre-service teacher to demonstrate the specific requirements of the placement
- Observing the pre-service teacher's practice and providing feedback on his / her progress to promote reflection, self-assessment against the Standards and evaluation of the impact of practice on student learning
- Making assessment judgements based on evidence relevant to achievement criteria and the specified focus areas of the Australian Professional Standards for Teachers.

The role of the University Supervisor

The university supervisor plays an important role in providing support to all stakeholders during Professional Praxis placements, particularly where a pre-service teacher may be considered to be "at risk" of not meeting expectations.

A designated university staff member will perform the role of university supervisor to support all participants in the placement. The university supervisor will make contact with supervising teachers to clarify any expectations for the supervision and assessment of pre-service teachers.

In addition, the university supervisor will conduct a site visit to the school during the placement to meet with pre-service teachers and supervising teachers; provide moderation of assessment; and assist with formative and general feedback on the pre-service teacher's progress. Where distance from a regional university campus makes physical attendance difficult, this support will occur through telephone, email or other suitable mode of contact (Skype, Zoom, etc). In the case of a moderation process conducted by teleconference, videoconference or email, the pre-service teacher will be required to provide the university supervisor with examples of their practice for evaluation prior to the arranged moderation process. Suitable artefacts may include samples of planning, differentiation activities, reflections, records of assessment and samples of students' work along with copies of observation or feedback notes completed by the supervising teacher.

Please note that CQUniversity's Professional Praxis Handbook outlines the roles and responsibilities of **all** key stakeholders involved in placements; and supervising teachers, site coordinators and pre-service teachers are encouraged to refer to this handbook for further details about all aspects of the placement.

Specific Requirements for Professional Praxis 2 – Pre-service Teacher tasks and activities

The tasks completed by pre-service teachers during Professional Praxis 2 include observation, performance and reflection activities which are organised around the five aspects of teaching practice identified previously.

The table below provides a general guide for the pre-service teacher’s learning progression.

Activities are dependent on context and the pre-service teacher’s readiness for teaching whole class lessons and may be adjusted by the supervising teacher as required. Periods of continuous teaching referred to throughout the table are relevant to the Primary school context only and indicate that the pre-service teacher may be provided with the opportunity to teach whole sessions or half-days leading to an opportunity to teach whole days, if deemed suitable by the supervising teacher.

Suggested guidelines for the maintenance and organisation of a **“Working Portfolio”** for recording evidence of the tasks and activities outlined in the table are included as Appendix 3 to this booklet.

Pre-service teachers should follow these guidelines and must create an **up-to-date ongoing record** of engagement in the tasks and activities for the placement and make this portfolio available for viewing by the supervising teacher each day.

Assessment of Preservice Teacher's Classroom Practice – A Guide to using the Assessment Tools

Assessment of pre-service teachers during Professional Praxis 2 involves three key processes that are part of the Supervising teacher's responsibilities throughout the placement.

These processes are:

1. Completion of the attendance record including working portfolio checks
2. Completion of an Interim Report mid-way throughout the placement (approximately Day 10)
3. Completion of the Final Summative Report at the end of the placement (Day 20).

The following section provides a guide to these assessment processes for supervising teachers.

1. Attendance Record and Working Portfolio Check

The supervising teacher and pre-service teacher should date and sign the attendance record each placement day. This record makes provision for checking planning, observation and reflection tasks in the pre-service teacher's working portfolio and acknowledging that the records of these tasks are up-to-date and completed professionally. Supervising teachers should sight the records produced on a daily basis and mark the record-keeping as satisfactory or unsatisfactory. A working portfolio that is not maintained and up-to-date may be used to place the pre-service teacher at risk of failing the placement.

2. Interim Report

The Interim Report identifies the focus areas of the Australian Professional Standards for Teachers that pre-service teachers will **engage with** during the Professional Praxis 2 placement. The Standards are grouped according to the five key aspects of planning, teaching, managing, assessing and recording learning and professional conduct that are the focus of professional learning and assessment in this placement. The Interim Report uses the same indicators as the Final Summative Report and is used as a feedback mechanism to provide the pre-service teacher with a clear indication of their progress and areas in need of improvement throughout the remainder of the placement.

The criteria for assessment of the standards **at the level expected for this first in-school placement** are outlined in Appendix 2. The criteria act as a Guide to Making Judgements on the pre-service teacher's progress at the mid-way point and again at the end of the block placement for the purposes of completing the Final Summative Report.

Supervising teachers should complete the Interim Report at the end of the second week (approximately Day 10 of the placement).

The Interim Report should be used as the basis for a discussion with the pre-service teacher about his/her progress at this stage of the placement and to identify strategies to improve or enhance teaching practice with respect to the Guide to Making Judgements and expectations for Professional Praxis 2.

In response to the supervising teacher's feedback on the Interim Report, the pre-service teacher should reflect on his/her progress and work with the supervising teacher to improve and enhance teaching practice and professional learning for the remainder of the placement.

3. Final Summative Report

The Final Summative Report (See Appendix 1) is completed at the end of the placement and records the pre-service teacher's achievement on the continuum for each indicator as well as personal literacy and numeracy competence based on the checklist that forms part of this Summative Report.

The Final Summative Report includes indicators of the knowledge, practice and engagement expected of the pre-service teacher during this placement. Each of the focus areas of the Professional Standards has been contextualised based on the requirements of this first placement as an introduction to teaching.

If a pre-service teacher receives a rating of **Below Expected Level (B)** for any Standard descriptor on the Final Summative Report, the overall result for the placement will be **Unsatisfactory**.

It is possible for a pre-service teacher to receive an Overall Result of Satisfactory for Professional Praxis 2 if a limited number of standard descriptors are rated as Developing towards expected level (D) on the Final Summative Report as the overall result for the placement should be an **on-balance judgement** of the pre-service

teacher's progress across all of the Standards. Overall assessment is decided on the basis of the pre-service teacher demonstrating knowledge, skills or values and attitudes that capture the meaning and application of the Standards as described in the Guide to Making Judgements (See Appendix 2).

Personal Competence in Literacy and Numeracy Checklist

NOTE: Additionally, the pre-service teacher must receive a satisfactory on **all** criteria on the Personal Competence in Literacy and Numeracy Checklist to receive a satisfactory grade overall for the placement.

The following indicators should be used when completing the Personal Competence in Literacy and Numeracy Checklist:

Satisfactory - Generally meeting the expected level of progress for achieving this criterion. Practice provides evidence of the achievement of the required level of proficiency at an acceptable level.

Unsatisfactory - Insufficient progress towards meeting the descriptor within this criterion with a definite requirement for remediation. Practice fails to provide evidence of the achievement of the required level of proficiency at an acceptable level.

Identifying “At-risk” pre-service teachers

A pre-service teacher is identified as being “at-risk” of failing the placement when he or she is not demonstrating adequate progress towards meeting the expected outcomes or criteria for Professional Praxis 2.

Supervising teachers use observations of practice, daily feedback and the descriptors and sources of evidence outlined in the Guide for Making Judgements (Appendix 2) as mechanisms for identifying pre-service teachers who are “at-risk”.

A rating of **Unsatisfactory** for the working portfolio on any placement day should be reported to the site coordinator and the university supervisor. An incomplete working portfolio (planning, evaluations, reflection or observations incomplete or not up-to-date) indicates a lack of professional commitment by the pre-service teacher and may be used to initiate the “at-risk” process. See guidelines for organising and maintaining an ongoing record of engagement with the tasks and activities for the placement in **Appendix 3: Guidelines for the Working Portfolio**.

In the event that a pre-service teacher is judged to be performing “Below the expected standard” for any descriptor on the Interim Report, the supervising teacher should contact the relevant University Supervisor to initiate a formal “at-risk” process and develop a support plan for the pre-service teacher.

Please see the CQUniversity Professional Praxis Handbook for a detailed outline of the “at-risk” process and a copy of the “at-risk” form which includes a section for documenting the proposed support plan.

SECTION 3: ASSESSMENT AND REPORTING FORMS

The Assessment and Reporting Forms should be completed throughout the professional experience placement and sighted and signed by the pre-service teacher.

The Attendance Record and Working Portfolio Check will be presented to the supervising teacher each day for signing and stored in the pre-service teacher's working portfolio.

A copy of the Interim Report should be provided to the pre-service teacher to initiate a discussion on his/her progress and to support reflection on practice related to the Standards at the level of development described in the Guide to Making Judgements for Professional Praxis 2. In addition, the pre-service teacher should email a copy of the Interim Report to his/her allocated university supervisor as part of a progress check at the mid-way point in the placement.

Supervising teachers should refer to the **Appendix 2: Guide to Making Judgements** while completing the Assessment and Reporting Forms.

Process for the Final Summative Report

The summative report for Professional Praxis 2 is completed electronically. The following steps outline the process for completing this report:

1. Supervising teachers will receive an email from the Professional Experience Office (WIL-EduArts@cqu.edu.au) at the beginning of the final week of the placement with the link to the electronic report embedded in the email. After completing the report and clicking the button called "Supervising teacher sign & submit", the report will automatically be digitally signed and dated and sent via email to the pre-service teacher.
2. The pre-service teacher will check the report and click an acknowledgement that he/she has read the report. By clicking the button on the report labelled "Pre-service teacher sign & submit", the report will be digitally signed with the pre-service teacher's name and dated and sent to the university supervisor via email for their signature and final checking.
3. The university supervisor will receive an email that contains a link to the completed report for the pre-service teacher supervised during Professional Praxis 2. The email will have the name "**Action Required: Placement Final Report**" in the subject line and will ask them to identify if the pre-service teacher has completed the placement to a satisfactory standard by clicking "**Yes**" or "**No**" in the allocated section at the end of the report to confirm the overall result. After reviewing the report and acknowledging the overall result, the university supervisor will click on the "**CQUniversity Supervisor sign & submit**" button which will add a digital signature and date and send the final report directly to the university record keeping system in the SONIA database.

Any queries regarding assessment and reporting should be directed to the university supervisor who will contact the supervising teacher and/or site coordinator at the commencement of the placement to provide relevant contact details.

University support staff can also be contacted by email to the CQUniversity Professional Experience Office at WIL-EduArts@cqu.edu.au

Appendix 1: Sample Reporting Forms

NB: This appendix includes example only copies of the assessment forms required for this placement.

Writeable PDF forms are available and are emailed to schools upon confirmation of the placement.

Additional copies are able to be downloaded by the pre-service teacher from the Moodle site for this unit.

An email will be forwarded to the Supervising Teacher by the CQUniversity Professional Experience Office at the beginning of the final week of the assessable block with the link to the electronic report embedded in the email

Instructions:

This report is based on the Pre-service Teacher's **engagement** with the Australian Professional Standards for Teachers. In this placement, Pre-service Teachers are developing their practice **towards** meeting the Standards at Graduate Level.

Not all focus areas of the Standards are assessed in this placement as this is only the second of four placements for the Pre-service Teacher.

To complete this report:

- Refer to the [Professional Praxis 2: Guide to Making Judgements](#) on Pre-service Teachers' performance and sources of evidence
- Select the relevant rating for each standard descriptor from the drop-down boxes
- Assessment should be consistent with the ratings and feedback for all Assessable Days (including feedback observations) to complete this report
- Submit one collaborative report per Pre-service Teacher only. If the Pre-service Teacher has had more than one Supervising Teacher, space to record the relevant names is provided in the 'Sign & Submit' section of the report.

This report should be submitted no later than **one week** after the conclusion of the 'Assessable Days' of the placement.

Appendix 2: Guide to Making Judgements

This Guide to Making Judgements should be used to inform feedback on the pre-service teacher’s progress and achievement and the completion of the Interim Report and the Final Summative Report.

The Guide consists of two parts:

- Concise descriptions of the expected standard of performance of first term pre-service teachers in five key areas of classroom practice i.e. **“At expected level (A)”** on the Final Summative Report form.
- Identification of possible sources of evidence to inform assessment judgements in each of the five areas. (This list is not intended as a checklist and serves only to provide examples of possible sources of evidence of the pre-service teacher’s practice. Supervising teachers may use other artefacts or sources of evidence to support assessment decisions.)

Assessment ratings on the Final Summative Report are outlined below.

Assessment Ratings	
Exceeding expected level (E) for PP2	Consistent evidence of knowledge, practice and engagement from Classroom Observations and Sources of Evidence that exceeds the criteria and descriptor on the Guide to Making Judgements for “At Expectations” for a pre-service teacher’s second placement
At expected level (A) for PP2	Consistent evidence of knowledge, practice and engagement from Classroom observations and Sources of Evidence that demonstrates the criteria on the Guide to Making Judgements for “At expectations” for a pre-service teacher’s second placement
Developing towards expected level (D) for PP2	Awareness of knowledge, practice and engagement outlined on the Guide to Making Judgements for “At expectations” for a pre-service teacher’s second placement but inconsistent demonstration of evidence from Classroom observations and Sources of Evidence that meets the criteria on the Guide to Making Judgements
Below expected level (B) for PP2	Little or no evidence of knowledge, practice and engagement or awareness from Classroom Observations and Sources of Evidence that meets the criteria on the Guide to Making Judgements for “At expectations” for a pre-service teacher’s second placement

The Queensland College of Teachers has produced a companion document to further support supervising teachers in making evidence-based, consistent decisions and providing constructive feedback about the preservice teacher’s demonstration of the *Australian Professional Standards for Teachers* (Graduate Career Stage).

To support making professional judgements against the professional standards, supervising teachers are encouraged to access the guide created by the Queensland College of Teachers: **“Assessing the Australian Professional Standards for Teachers: Graduate career stage: Evidence guide for teachers supervising professional experience placements in Queensland schools**. Appendix 3: Guidelines for the Working Portfolio

The purpose of a Working Portfolio is to validate, with evidence, the pre-service teacher's performance and demonstration of the tasks relevant to the particular Professional Praxis unit. It is a working document that includes sources of evidence of the pre-service teacher's practice throughout the placement and includes preparation, planning, observations, assessment data, classroom observations and teaching evaluations, reflections and evidence of the impact of the pre-service teacher's practice on student learning.

All preparation and planning for a day must be shown to the supervising teacher at a regular and agreed time (usually at the beginning of the teaching day). **All observations, reflections, evaluations and follow up tasks must be written up and made available to the supervising teacher for perusal on the following placement day.** An incomplete Working Portfolio may initiate the "at-risk" process outlined earlier in this booklet.

Pre-service teachers must be able to produce their working portfolio for the university supervisor, site coordinator or supervising teacher at any time throughout the placement or on its conclusion. If a pre-service teacher chooses to compile the working portfolio in electronic format, it must be able to be produced at all times throughout the placement. **Claims that planning, reflections or any working documents are stored on a computer "at home" will not be acceptable evidence of the maintenance of an up-to-date working portfolio and may result in an Unsatisfactory rating for that day.**

Guidelines for organising the Working Portfolio are outlined below. These are suggested guidelines only and pre-service teachers may prefer alternative methods for creating an organised portfolio; however, the organisation method should ensure that all materials can be located and produced easily and efficiently.
