Dear _____

I am writing to request permission to use the material/s listed below in my thesis [insert thesis title] at Central Queensland University.

Theses published at Central Queensland University are made digitally available on the internet for public access via the institutional repository **aCQUIRe** which is indexed by Google Scholar and TROVE, the National Library of Australia's discovery service.

My thesis reproduces the following copyright material which I believe you hold the copyright to:

Title of Publication:	**URL if applicable:**

This request is for worldwide, non-exclusive, perpetual, and royalty-free permission to reproduce and use the material/s in the electronic and print copy of my thesis to be made via the institutional repository **aCQUIRe.**

Full attribution will be included; please specify if there is a particular way that you would like me to give attribution to the original source.

Please indicate agreement by signing below and returning the form to [insert email address]

Material to be reproduced.

Title of Publication:	**URL if applicable:**

[Add here full citation information about the article/paper/etc., including author, title, date of publication and any other identifying information]

As Rightsholder of the material/s stated above, I give worldwide, non-exclusive, perpetual, and royalty-free permission to reproduce and use the material/s in *[thesis title]*.

In signing, you verify that you control the rights granted and that your material does not infringe any other entity's copyright or other rights.
