

Cadetship Opportunity

Cadet Draftsperson – Civil, Structural & Project Support

Location: Yeppoon, QLD

Employment Type: Full-time | Entry Level

Remuneration: To be discussed in interview

Dileigh Consulting Engineers—a well-established civil & structural firm in Yeppoon—is expanding! We're on the lookout for a motivated Cadet Draftsperson ready to kickstart their career in a dynamic, inclusive, and technically focused environment.

Ready to turn your passion for engineering into real-world impact?

We're a fast-growing consultancy in Yeppoon looking for a Cadet Draftsperson to dive into civil, structural, and project management work from day one.

What You'll Be Doing

- Drafting and documenting civil and structural engineering projects.
- Supporting engineers with technical tasks and project coordination.
- Learning the ropes of AutoCAD, Civil 3D, Revit & more.
- Attending site visits and client meetings.
- Learning on the job with full training provided in other tools and systems

Who We're Looking For

- A recent school leaver or studying a Bachelor of Technology or Associate diploma in Civil Engineering, early-career candidate with a passion for design and engineering
- Someone eager to grow in a professional, team-oriented setting
- Detail-driven, curious, and ready to learn
- Comfortable with CAD tools (or keen to master them)

Why Dileigh?

- A supportive team that invests in your growth
- Flexible work options and career progression
- Competitive salary + development perks
- Diverse and inclusive workplace that supports your wellbeing and career
- Excellent remuneration and commitment to your development
- Weekly 2-course team lunch (yes, really!)
- Flexible work arrangements and fantastic office facilities
