# How to use this guide

## COURSE

Use the course code and name to search [cqu.edu.au](http://cqu.edu.au) and learn more about the courses that interest you. TAFE courses may be marked with Ⓢ. This means the course may be delivered via the Start TAFE Now Ⓢ program.

## INTAKE

Intake is the time of year you can start a course. We have three terms: Term 1 starts in March, Term 2 starts in July and Term 3 starts in November. TAFE courses may list the months they begin, or 'multiple', meaning they may have many intakes so it's best to check our website.

## AVAILABILITY

CQU has 13+ locations around Australia. To fit them in this guide we've used abbreviations, which you can find in the legend below. Some courses also offer online or mixed mode study options. To learn more visit [cqu.edu.au/study#choose-your-mode](http://cqu.edu.au/study#choose-your-mode).

# More study options

## STILL IN SCHOOL AND WANT TO GET A HEAD START?

### Start Uni Now (SUN)

SUN offers Year 10<sup>1</sup>, 11 and 12 students the opportunity to study CQUniversity units from university-level courses while still in secondary school. Your studies may also contribute towards your Certificate of Education (eg. QCE, WACE, SACE, or VCE). In Victoria, completion of eligible SUN units may also give you credit toward the calculation of your ATAR. You can enrol in a range of units, either on campus (face-to-face) or online, and combine them with your regular school work. After successful completion of a SUN unit, you may be eligible to apply for direct entry into your preferred course (excluding quota managed courses) and receive credit toward your degree. For more information, visit [cqu.edu.au/sun](http://cqu.edu.au/sun).

### Start TAFE Now (STN)

Start TAFE Now offers Year 10<sup>2</sup>, 11 and 12 Queensland students the opportunity to study VET courses as part of their Queensland Certificate of Education. You can choose between certificate I, II, III, IV and diploma-level courses in a wide variety of disciplines. Benefit from developing real trade skills and qualifications while completing secondary school. If you're in Year 11 you can include a Start TAFE Now certificate III qualification or higher to contribute to your ATAR. For more information visit [cqu.edu.au/stn](http://cqu.edu.au/stn).

If you're a high school teacher interested in delivering VET qualifications at your school in your specialisation, contact us to discuss partnership opportunities. Email [stn@cqu.edu.au](mailto:stn@cqu.edu.au).

## APPRENTICESHIPS AND TRAINEESHIPS

The steps to becoming an apprentice or trainee are different to becoming a student at university or TAFE.

Generally, you will be required to find an employer who is willing to employ you as an apprentice or trainee. During your apprenticeship or traineeship, your employer (or Group Training Organisation/ Job Services Australia provider) may arrange for you to undertake vocational education and training at CQUniversity.

Our apprenticeship and traineeship courses cover a wide range of areas, visit [cqu.edu.au/apprenticeships](http://cqu.edu.au/apprenticeships).

## LOW-FEE COURSES

Thanks to the Queensland Government, you may be able to access a TAFE course in a high-priority area at a reduced cost. For more information on courses and eligibility, visit [cqu.edu.au/subsidy](http://cqu.edu.au/subsidy).

Proud to be a Queensland Government subsidised training provider

<sup>1</sup> Year 10 students are eligible for Term 3 enrolment only.

<sup>2</sup> Students need to be at least 15 years of age at the commencement of classes. Applications by Year 10 students may be considered for admission.

# Alternate entry pathways

Whether you're looking to meet prerequisite subjects, need a stepping stone to your dream degree and career or simply want to build your confidence before starting study, CQU is here to help.

## PRINCIPAL'S RECOMMENDATION SCHEME (PRS)

Our Principal's Recommendation Scheme allows current Year 12 students to apply to a CQU university course based on the written recommendation of their high school principal rather than an ATAR. To find out more, including PRS application opening and closing dates, visit [cqu.edu.au/prs](http://cqu.edu.au/prs).

## SKILLS FOR TERTIARY EDUCATION PREPARATORY STUDIES (STEPS)

STEPS is a Centrelink-approved enabling program that can help you gain entry into university. Tailored to you and your unique study goals, STEPS is designed to help you complete prerequisite subjects, satisfy the entry requirements for your chosen degree, or give you the confidence and skills to successfully enter and undertake university study. Find out more, visit [cqu.edu.au/steps](http://cqu.edu.au/steps).

## START UNI NOW (SUN)

Our SUN program is a valuable alternate entry pathway for high school students thinking about studying a CQU course. After successful completion of a SUN unit during your senior high school years, you may be eligible to apply for direct entry into your preferred course (excluding quota managed courses) and receive credit toward your degree. For more information, visit [cqu.edu.au/sun](http://cqu.edu.au/sun).

## START TAFE NOW (STN) AND VET QUALIFICATIONS

Completing a STN or VET qualification can provide an alternate pathway into university. Completing a certificate III or IV, or diploma qualification will allow you to obtain a selection rank, which may meet specified entry score requirements for many of our degrees.

If you have a completed VET qualification and you've also completed the necessary subjects to receive an ATAR, you will receive two ranks: a selection rank for your VET qualification, and an ATAR. When you apply to study with CQU, your application will be assessed on whichever score is highest.

## PREPARATORY VET COURSES

CQU offers preparatory courses to help you prepare for your first step into vocational study or work. For more information, visit [cqu.edu.au/pathways](http://cqu.edu.au/pathways).

- ▲ Courses may be delivered by a combination of on-campus study, workshops, residential schools and online education.
- \* Intakes, duration and availability may differ from what is listed in this guide depending on preferred intake, study mode and personal circumstances. Course commencement is dependent on sufficient enrolments. Different study periods apply for TAFE and university courses. Many TAFE courses offer multiple monthly intakes. Mixed Mode availability is unique to TAFE courses and is a combination of online learning activities in addition to compulsory site-specific learning activities. Online availability for TAFE courses may include work integrated learning, such as work placements. Please visit [cqu.edu.au](http://cqu.edu.au) or contact us for more information.
- # The SR and ATAR listed are the entry scores required to be considered for a place in each course and should be used as a guide only. Entry to courses is competitive and the lowest rank will vary from year to year. A higher score may be required for courses where there is a limit on the number of places. To view the latest ranking information visit [cqu.edu.au/courses](http://cqu.edu.au/courses) and view the requirements information for your course of interest.
- † To gain professional accreditation you will also need to complete postgraduate study.
