

# Cadetship Opportunity

## ABOUT THE COMPANY

Founded by Kurt Youngberry in 2010, KDW Civil has built a strong reputation at the forefront of the civil earthmoving industry. Guided by core values of safety, sustainability, and client satisfaction, the company consistently delivers projects that exceed expectations. Their commitment to excellence, innovation, and integrity has helped shape a trusted name in the industry, with a continued focus on quality and environmental responsibility.

KDW Civil offers a wide range of civil and infrastructure services, specialising in residential subdivisions, Transport and Main Roads constructions, and commercial projects. Operating throughout the Wide Bay Region and across Queensland, this family-owned business continues to grow while maintaining the values and principles that have defined their success from the beginning.
