

# CADETSHIP OPPORTUNITY

Ready to influence the future of engineering before you even graduate? Apply now for this cadetship opportunity and get a head start on shaping tomorrow's innovations.

## ABOUT THE COMPANY

Lovejoy Services is a specialist consultancy offering comprehensive management, design, and delivery of electrical infrastructure for both government and private entities, focusing on critical assets. Operating across Southeast Queensland to the far north, they provide design and construction services for Intelligent Traffic Solutions and power systems for water assets.

While primarily a design and management consultancy, they also perform construction in the civil, mechanical, and electrical sectors, delivering turnkey solutions from design to commissioning, with ongoing operational support.

Their services include project management, electrical design and certification, low voltage power system design, and electrical installation and commissioning.
