BUILD A BETTER FUTURE WITH CQUNIVERSITY

A career in construction management is in high demand in today's financial climate with employment opportunities worldwide.

The building industry contributes substantially to the economy and provides important construction knowledge and services as well as the physical infrastructure of housing, schools, hospitals, offices, factories and amenities for the communities we live in.

Our Master of Construction Management prepares you to meet the current and future challenges of the construction industry. This course provides you with leadership attributes that embrace the principles of project construction management as it applies across different phases of the construction project cycle to achieve successful project construction outcomes, including time, cost, quality, safety and sustainability.

You will have the opportunity to gain crucial life-long learning and enables you to advance your career with local and global impact in the construction industries.

As a graduate of this course you are eligible for Australian membership at member status with the Royal Australian Institute of Building.

COURSE OVERVIEW

MASTER OF CONSTRUCTION MANAGEMENT

COURSE CODE: CL82

DURATION: 2 years full-time

INTAKES: Term 1, Term 2, Term 3[#]

AVAILABILITY: Brisbane, Perth, Online

TERM FEE: A\$15 600 **ANNUAL FEE:** A\$31 200
