

# CQUNIVERSITY ROCKHAMPTON OPEN DAY

**SUNDAY, 20 AUGUST | 9AM – 12PM**

CQUNIVERSITY ROCKHAMPTON NORTH CAMPUS | [cqu.edu.au/open](https://cqu.edu.au/open)

## 2023 EVENT PROGRAM

Discover your study options that could change your future at CQUniversity Rockhampton's Open Day.

Explore our facilities, meet teaching staff and scout the best study options for you. With 250+ study options ranging from short courses, certificates, and diplomas to undergraduate, postgraduate and research higher degrees, you'll be sure to find the right pathway for you.

Our friendly lecturing and teaching staff are ready to have a chat about your study options. If you're unsure where to start, or have some tricky questions, come and chat to our expert team in the Careers Café who are ready to help.

### CAREERS CAFE

**Finds us in the library.**

Grab a snack and chat with expert engagement and support staff about how you can take the next step to your future.

- **Academic Learning Centre (ALC)**  
Find out how the ALC can support you while you study.
- **Accessibility**  
Discover how we can minimise barriers and encourage participation in education and training by all students.
- **CQUGlobal**  
Explore the opportunity of studying abroad while completing your degree
- **Indigenous Support**  
Meet the team and have a yarn about what support is available for Aboriginal and/or Torres Strait Islander students.
- **Scholarships**  
Learn about the different types of scholarships we offer and how you can be supported you through your studies.
- **Student Engagement**  
Get answers to your questions on how to apply, entry pathways, scholarships, student support services and more.
- **Skills for Tertiary Education Preparatory Studies (STEPS)**  
Discover CQUniversity's FREE pathway program designed to build confidence and help you succeed at university.

## WHAT'S ON

### LIBRARY

**Building 10  
(Ground Floor)**

#### **Queensland Tertiary Admission Centre (QTAC)**

Joining us on the day will be a representative from the QTAC team. A great chance for you to find more about the application process and get the answers to any questions you may have about applying to university. QTAC looks after applications for most undergraduate courses at universities in Queensland.

#### **Arts**

Our Bachelor of Arts course offers you unlimited choices and transferable skills and knowledge that can be applied to a wide range of career outcomes. Come along and find out more about how you can tailor your studies based on your passions and interests.

#### **Business, Accounting & Law**

Explore our diverse range of courses in business, accounting and law. Designed with flexibility in mind, chat to staff about the speciality areas you can choose from, how you can accelerate your career balancing work with online study and the advantages of studying a dual degree.

#### **Digital Media**

Chat with our media guru teaching staff about turning your passion for content creation into a career with our digital media courses.

#### **Education**

Speak with our expert teaching staff about your journey to become a teacher. Perfect chance to ask for tips in completing your personal statement (one of the entry requirements into our teaching course).

#### **Applied Science**

Look under the microscope and chat with our friendly staff to see where a TAFE qualification in laboratory skills, horticulture, and animal studies can take you.

#### **Medical Science (Pathway to Medicine)**

Speak to our first and second year medical students on how to prepare for the application process and find out more about the career advantages of studying medicine locally.

#### **Occupational Health and Safety**

Discover where a career in Occupational Health and Safety can take you. Chat to experienced course leaders about the course's real-world learning experiences designed so you graduate industry-ready.

#### **Occupational Therapy**

Learn more about our occupational therapy assistive technology and how we equip students to find creative ways to help others live an easier life.

#### **Oral Health**

Find out more about the hands-on experiences you receive during your degree treating real patients in our Oral Health simulation labs.

#### **Podiatry**

Healthy feet play an important part in an individual's overall well-being. Chat with our passionate team to discover how podiatry offers a fulfilling career that puts you on the path to making a positive impact on people's lives. See the technology that is used to treat, diagnose, and rehabilitate foot conditions with our computerised walking gait analysis activity.

#### **Psychology**

Gain an understanding of how Psychology can alter perceptions and assist in all careers by chatting with our professional academics. Test your way of thinking with a reality is an illusion activity.

#### **Public Health**

Uncover the fascinating world of public health and how it shapes the well-being of our community. The perfect course for curious minds who love playing detective or have an interest in pursuing a career in health but might not be interested in being exposed to blood, messy bodily functions, and shift work.

#### **Physiotherapy**

Chat with our academics about the variety of physiotherapy specialisations we offer and how through simulated learning environments you will graduate work ready in any physiotherapy field.

#### **Speech Pathology**

Discover the rewarding and diverse career our speech pathologist students go on to have. Speak to teaching staff about the extensive work-integrated learning opportunities we offer including placements in a variety of practice settings and access to our purpose-built Allied Health Clinic, providing health services to the local community.

## NURSING LABS

Building 18

Explore our nursing labs and see first-hand the simulated learning environment our students work in. Speak to our passionate nursing team about the speciality areas and careers our nursing course can take you
