HOW TO USE THIS GUIDE

Use this guide to find out more about commencing university-level study while completing senior high school. Start your planning by using the unit availability information from page 12 to find a course that interests you, and to check when units are available to study.

If you are an international high school student, please refer to information on pages 8 and 10 to understand the requirements and eligibility criteria relevant to you.

If you're unsure what course you want to study, want to explore your career options, or need to check entry requirements such as prerequisite study, visit cqu.edu.au/courses.

Acknowledgement to Australia's First Nations Peoples.

CQUniversity recognises and acknowledges the important role First Nations Peoples make to our communities, and values Australian Indigenous knowledge systems as an integral part of our teachings.

Discover your future.

JOIN OUR COMMUNITY

We're committed to providing quality education to everyone and we're proud to be rated five stars for social equity and first-generation student ratio¹.

LEARN JOB-READY SKILLS

With industry-aligned courses and practical learning experiences, you'll be prepared with up-to-date, real world knowledge and skills.

MAKE A DIFFERENCE

We're proud to be ranked among the top 55 universities globally for sustainability² and our courses are designed to develop your social innovation mindset.

² Times Higher Education Universities Impact Rankings 2024.

About Start Uni Now

Start Uni Now (SUN) is a CQUniversity initiative that gives you the opportunity to study university-level units while in Years 10¹, 11 and 12 at high school.

SUN allows you to enrol in a range of CQU units and after successfully completing study in SUN you may be eligible for direct entry into your course and credit towards your degree. It may be an alternative pathway to university that is not just reliant on your ATAR score, and can be combined with your regular high school work.

IS SUN FOR YOU?

- › Do you want to get a head start with study and your future career?
- › Do you want to further challenge yourself in your final years of high school?
- › Are you self-motivated and can manage your own time effectively?

If so, SUN could be for you.

HOW MUCH DOES SUN COST?

Your first unit in the SUN program is free. If you are a domestic student, subsequent units (up to an additional three units) are offered at a significantly discounted rate of \$375 per unit.

If you are an international student (studying either in Australia or outside of Australia), full tuition fees apply for your subsequent SUN unit. For more details, visit cqu.edu.au/int-sun.

In addition to the unit cost, there may be other expenses such as textbooks and resources. Fees must be paid up-front and cannot be deferred to HECS-HELP, but you may be eligible for financial assistance options.

As a SUN student you can potentially save thousands of dollars and minimise any future HECS-HELP debt.

WHAT ARE THE BENEFITS OF SUN?

Sneak peek

SUN provides you with an insight into university life and helps you understand the expectations of studying at a tertiary level. This will help prepare you for the transition from high school to university.

Direct entry

After successful completion of a SUN unit, you may be eligible to apply for direct entry into an undergraduate degree at CQUniversity (excluding quota managed courses). A quota managed course has a set limit on the number of students who may be admitted in any academic year. As a result, the following courses are not available for direct entry.

Quota managed courses include:

- › Bachelor of Echocardiography and Cardiac Physiology / Graduate Diploma of Echocardiography (CV69)
- › Bachelor of Medical Sonography / Graduate Diploma of Medical Sonography (CG91)
- › Bachelor of Medical Science (Pathway to Medicine) (CM17)
- › Bachelor of Medical Imaging (CG92)
- › Bachelor of Nutrition/Master of Nutrition and Dietetics (CM61)
- › Bachelor of Oral Health (CB29)
- › Bachelor of Physiotherapy (Honours) (CB85)
- › Bachelor of Occupational Therapy (Honours) (CB84)
- › Diploma of Nursing (HLT54121).

As a domestic student eligible to apply for direct entry to a non quota managed course, you will not need to apply and wait for an offer through a tertiary admissions centre, such as Queensland Tertiary Admissions Centre (QTAC) or the Universities Admissions Centre (UAC).

To be eligible for direct entry, you must:

- › pass at least one SUN unit
- › show evidence of successful completion of Australian Year 12 (or equivalent) studies.
- › be applying and commencing the year following completion of year 12 (year 13),
- › meet any prerequisite requirements for the course you are applying
- › meet any admission requirements for entry into the University, including any minimum age requirements.

For more details, visit cqu.edu.au and search 'Study after SUN'.

Credit transfers

You may be eligible to receive a credit transfer for each SUN unit you have passed. Provided these SUN units are part of your degree at the time of your undergraduate admission, a credit transfer would count towards your degree. This will reduce the number of units you need to study when you start university and may reduce the duration and cost of your university course.

Credit transfers towards courses at other universities should be discussed with the relevant university.

Meet tertiary entry requirements

SUN can also provide a valuable pathway for students who need to meet prerequisite subject requirements to gain entry into university. Successfully completing any two SUN units will allow you to meet the English prerequisite for CQU courses. Depending on the degree you wish to apply for, studying SUN units may allow you to meet science entry requirements at CQUniversity as well. Eligible SUN units that meet science prerequisites are indicated in the units listed throughout this guide.

WHERE CAN I STUDY SUN?

SUN units can be studied either on campus or online, which means you can choose a way of studying that suits you best, regardless of where you live.

Studying online is the most popular mode of study chosen by SUN students as it allows you to fit university study around your current school timetable.

As a SUN student, you will require regular access to the internet and a reliable computer. Whilst most of your study will be online, you may still be required to attend an on-campus or face-to-face exam.

If you would prefer to study on campus, contact the SUN team by visiting cqu.edu.au/sun.

If you are an international student, you can study SUN units online only.

RESIDENTIAL SCHOOLS

Some online units may require compulsory residential school attendance. Residential schools require you to attend a designated campus for up to five days to undertake practical components of your study.

If residential schools are required, additional information will be available on the relevant course page and provided to students once the term begins.

WHAT LEVEL OF COMMITMENT IS INVOLVED?

It is recommended that you dedicate between 10 – 12 hours of study to your SUN unit per week (over a 12 – 14 week period). Studying a SUN unit requires good time management skills, the ability to work independently and a proactive attitude. University study is very flexible and this allows you to work your study time around other commitments such as a part-time job or sport.

You can study your SUN unit after school and on weekends. You may also choose to study a SUN unit as your sixth subject choice at school. You should speak with your school Guidance Officer or Principal to discuss the best way for you to manage your study commitments.

Successful applicants may study one SUN unit per university term, and you'll have the opportunity to study up to four SUN units in total over the senior school period (pending unit availability).

WHAT SUPPORT DO I RECEIVE AS A SUN STUDENT?

Regardless of whether you study on campus or online, you have access to the same resources and support services as other CQUniversity students.

Dedicated SUN support

You'll have access to the CQU SUN team to support you throughout your SUN study journey.

Academic resources

Through our Academic Learning Centre (ALC), you can access information, advice and resources related to academic writing, mathematics, science and computing requirements of your studies.

Advice and Counselling

Our Student Experience Directorate offer a range of services including academic and personal counselling, study skills advice and time management strategies.

Campus support

Students located close to a CQUniversity location are also able to access facilities and services such as campus libraries, free wifi and computer labs.

Indigenous support

If you are an Aboriginal and/or Torres Strait Islander student you can access tutoring, financial guidance, cultural advocacy and other support throughout your CQU study journey. For more information, visit cqu.edu.au/indigenoustudentsupport

Accessibility and Equity

If you have a disability, illness, injury, mental health condition or medical condition — temporary, fluctuating or ongoing — CQU's Student Accessibility and Equity team is dedicated to helping you succeed in your studies and training.

Available support may include:

- › flexibility with coursework deadlines
- › specific arrangements to complete exams or online timed assessments
- › modifications to learning materials
- › assistance with work placement
- › access to specialised software or equipment¹
- › individual support to progress with your studies¹.

Whether you have an existing support plan at school or not, contact the Accessibility and Equity team early to set yourself up for success. For a confidential chat, call 07 4930 9456 or visit cqu.edu.au/disability.

AM I ELIGIBLE TO APPLY FOR SUN?

To be eligible to apply for SUN you must be at least 15 years of age at the time of commencing your unit. You must also provide evidence of the following as per your most recent school report card:

- › enrolled in Year 11 or 12 (Year 10 students are eligible for Term 3 enrolment only)
- › achieving a minimum C grade for English (or equivalent²)
- › achieving an average B (4-point equivalent) grade across your top five graded subjects or completed vocational education and training (VET) qualifications from certificate II and above.

Refer to the grade point average calculator found at cqu.edu.au/sun to help you calculate your eligibility. You will also need permission from your Principal or School Nominee and Parent or Guardian.

Students undertaking non-standard curriculum or home-schooling are also eligible to apply for Start Uni Now. For details on application requirements, visit cqu.edu.au/sun.

HOW TO APPLY

Submit your application online and include the following:

- › your Learner Unique Identifier (LUI)
- › your signed Start Now Study Authorisation form
- › a copy of your most recent graded term/semester school report card verifying your eligibility.

For more information on how and when to apply, visit cqu.edu.au/sun.

¹ Further discussion may be required with your high school to consider funding and provision of some support.

² English equivalent subjects such as English and Literature, Extension English as an Additional Language or Literature.

HOW DO I CHOOSE A SUN UNIT?

SUN offers first-year university units from almost every CQUniversity bachelor degree.

When selecting the unit you wish to apply for it is important to consider the following questions:

- › What career are you interested in pursuing?
- › What course is required to pursue that career?
- › Does the SUN unit form part of the requirements for that course?
- › Is the unit offered in the term you wish to study?
- › Is the unit available on campus, online or both?

For more information, visit cqu.edu.au/sun.

DO I RECEIVE CREDIT TOWARDS MY ATAR OR CERTIFICATE OF EDUCATION?

Whether you can gain credit towards your high school certificate or your ATAR varies from state to state. Visit cqu.edu.au/sun to find information on what credit may be available for your SUN units.

If you are applying for the Bachelor of Medical Science (Pathway to Medicine), you may receive an ATAR adjustment on successful completion of an eligible SUN unit. For more information visit cqu.edu.au and search 'Other Admission Considerations'.

It is strongly encouraged that you and your parent/guardian talk to your nominated school's contact in regards to potential credit options. Students should seek approval for credit prior to their SUN enrolment.

International SUN students

If you are an international high school student studying in Australia or in your home country, our SUN program offers flexible courses to help you get a head start on university and achieve your academic and career goals.

AM I ELIGIBLE TO APPLY FOR SUN?

To be eligible to apply for SUN you must be:

- › enrolled in Australian Curriculum Year 10, 11 or 12 (or equivalent), UK A Level Curriculum, the International Baccalaureate, Polytechnic¹, or other equivalent senior high school¹ curriculum
- › achieving equivalent to an average B grade (or better) across all Australian school subjects as per your most recent report card²
- › achieving an English level of IELTS 5.5 across all bands or equivalent from an approved English language test. We will also accept IGCSE/GCSE Grade C in English Language and International Baccalaureate MYP Certificate Grade 4 in English.

A variation of English language requirements may be considered. A higher English language proficiency may apply for specialist courses. See the following page for details.

DO I RECEIVE CREDIT TOWARDS MY ATAR? (ONSHORE INTERNATIONAL STUDENTS)

SUN study may provide credit towards your ATAR in Victoria and South Australia.

For more details refer to the SUN Guidelines at cqu.edu.au/int-sun.

HOW MUCH DOES SUN COST?

As an international student, you will receive a full (100%) subsidy for your first SUN unit enrolment.

Fees for subsequent enrolments will be charged at the rates applicable in the undergraduate section of the tuition fee schedule at cqu.edu.au/int-sun.

In addition to the unit cost, there may be other expenses such as textbooks and resources. Fees must be paid up-front.

WHERE CAN I STUDY SUN?

You can study SUN regardless of where you live. SUN units can be studied either on-campus (if you live in Australia) or online by online study. You can choose a way of studying that suits you best.

If you are already in Australia and are interested in studying your SUN unit on-campus, you may have the opportunity to do so at one of CQUniversity's many campus locations.

HOW TO APPLY

To select a unit and apply for entry into SUN visit page 8.

You must submit a copy of your most recent school term/semester report card with the SUN application, as well as gain both parental/guardian and school approval.

Applications must be received at least three weeks prior to the commencement of the relevant university term. An application fee may apply.

For more information, visit cqu.edu.au/int-sun.

¹ Delivered in English.

² GCSE minimum C grade in all subjects, International Baccalaureate Middle Years Program Grade 4 in all subjects. Other qualifications are assessed on a case-by-case basis.

COURSES WITH NON-STANDARD ENGLISH LANGUAGE ENTRY REQUIREMENTS

Course	Entry requirements
Bachelor of Education (Early Childhood and Primary)	Minimum academic IELTS score of 7.5 across all four skill areas of listening, speaking, reading and writing – with no score below 7.0 in any of the four skills areas and a score of no less than 8.0 in speaking and listening.
Bachelor of Engineering (Honours)	Minimum academic IELTS score of 6.0 across all bands and overall.
Bachelor of Engineering (Honours) and Diploma of Professional Practice (Co-op Engineering)	Minimum academic IELTS score of 6.5 with no individual band score of less than 6.0 or an Occupational English Test (OET) result of A or B.
Bachelor of Engineering Technology	Minimum academic IELTS score of 6.0 across all bands and overall or an OET result of A or B.
Bachelor of Exercise and Sport Sciences	Minimum academic IELTS score of 7.0 across all bands and overall.
Bachelor of Medical Laboratory Science (Honours)	Minimum academic IELTS score of 6.5 across all bands and overall or an OET result of A or B.
Bachelor of Medical Science	Minimum academic IELTS score of 6.0 across all bands and overall or an OET result of A or B.
Bachelor of Nursing	Minimum academic IELTS score of 7.0 across all bands and overall.
Bachelor of Occupational Therapy	Minimum academic IELTS score of 7.0 across all bands and overall or an OET result of A or B.
Bachelor of Oral Health	Minimum academic IELTS score of 7.0 across all bands and overall or an OET result of A or B.
Bachelor of Physiotherapy	Minimum academic IELTS score of 7.0 across all bands and overall or an OET result of A or B.
Bachelor of Podiatry Practice (Honours)	Minimum academic IELTS score of 7.0 across all bands and overall or an OET result of A or B.
Bachelor of Science (Chiropractic)	Minimum academic IELTS score of 7.0 across all bands and overall.
Bachelor of Speech Pathology (Honours)	Minimum overall IELTS score of 8.0 across all bands and overall or an OET result of A or B.

For more information, visit cqu.edu.au/englishreq.

Allied Health

Allied health professionals provide essential care for people of all ages including children, older people, people with chronic illnesses or mental ill-health, and those experiencing disability to identify and assess issues, provide treatment and to support acquisition of skills, recovery and reablement.

BACHELOR OF SOCIAL WORK				
INDG11013 First Nation and Non-Indigenous History: The Interface			✓	
SOWK11017 Scope of Social Work Practice in Australia		✓		

‘I want to become a nurse so I can do something not only to help people but change someone’s life. CQUniversity provided me with the chance to get in front and start my degree early so when I graduate from high school I’m not facing the big change into university but also spending less time completing my degree.’

Lily Moss | SUN student

Safety Sciences

Safety sciences provide you with career opportunities in an industry that is experiencing continual growth. Study occupational health and safety to learn how to foster a safe working environment and prevent injury in the workplace.

Course	International Availability	T1 (Mar)	T2 (Jul)	T3 (Nov)
BACHELOR OF OCCUPATIONAL HEALTH AND SAFETY

The information contained within this guide is for domestic students. Information specifically for international students can be found online at cqu.edu.au/international.

CQUniversity and the Australian Government want international students in Australia to have a safe, enjoyable and rewarding place to study. Australia's laws promote quality education and consumer protection for international students.

These laws are known as the Education Services for Overseas Students (ESOS) framework.

For further information, visit cqu.edu.au/esos.

The information in this publication was correct at the time of printing, however is subject to change. Check the CQUniversity website for current information.

CQUniversity Australia is committed to operating sustainably to reduce our adverse impact on the environment.

We printed this brochure on paper that is fully recyclable and made of a blend with 30% recycled content, and the remaining pulp coming from PEFC™ certified sustainably managed sources. The pulp is elemental chlorine free and the paper is manufactured by an ISO 14001 certified mill.

All CQUniversity course guides and brochures can be found on our website.
