

## VIRTUAL OPEN DAY – THURSDAY, 31 AUGUST 2023

### 4 PM – 7 PM AEST

TIME	LIVE WEBINARS
4.30 pm	<b>Future You at CQU</b> Get to know more about us and how we can support you to be what you want to be. We'll talk you through your next steps.
5.00 pm	<b>Physiotherapy</b> Learn why you should study physio at CQU. Our accredited course is industry led and offers students extensive real-world learning and clinical placements to ensure you are work ready across a broad range of high demand health settings including sports, aged care, pediatrics, private and community practices.
5.30 pm	<b>Diagnostic Imaging</b> Be inspired by our expert teaching team as they talk you through our Medical Sonography, Echocardiography and Medical Imaging courses. Hear how our courses combine the latest learning technology with simulations and extensive work-integrated learning opportunities to enhance your employment outcomes.
5.30 pm	<b>Engineering</b> Hear about the CQU engineering experience and how our strong industry connections lead to strong graduate employment outcomes. Learn about valuable placement opportunities including cadetships and our 48-week paid placement as part of our Bachelor of Engineering (Honours) and Diploma of Professional Practice (Co-op Engineering).
6.00 pm	<b>Mental Health Nursing</b> Play a vital role in improving the health and well-being of those needing psychological support and specialise in mental health nursing. Delivered on our hyperflexible online Be Different platform, learn more about the suite of post graduate Mental Health Nursing courses we have to offer.
6.00 pm	<b>Teaching</b> Learn more about our teaching courses and the rewarding career opportunities available in early childhood, primary and secondary teaching.

---

## Getting Started at CQU

6.30 pm

Picked out your future career or the course you want to study? Join us as we walk you through your next steps including how ATAR/selection rankings work, how to apply, fees and all the steps in between you need to know to be what you want to be.

---

## ON DEMAND

### Agriculture

Hear more about how you can play a pivotal role in improving the productivity and sustainability of modern agriculture. Learn about emerging technologies and the latest agricultural innovations from leading and global recognised agriculture experts.

---

### Allied Health

Discover the range of allied health courses we offer at CQU and the specialisations and reward careers you can go on to in the health sector. In this webinar, we will be showcasing our Occupational Therapy and Podiatry courses, both high in-demand fields.

---

### Asset & Maintenance Management

Learn more about our industry led Asset and Maintenance Management courses, designed to elevate your skillset and take your career further in the asset or maintenance field.

---
